

WEATHER FORECAST

For 24 hours ending 5 p. m. Thursday:
Victoria and vicinity—Light to moderate winds, generally fair and cold at night.
Lower Mainland—Generally fair and colder at night.

Victoria Daily Times

WHERE TO GO TO-NIGHT

Royal Victoria—Unstair.
Pantages—Vandeville.
Denison—Giles.
Variety—Raffles.
Columbia—A Trick of Fate.
Romano—The Tiger Lily.

VOL. 55. NO. 100

VICTORIA, B. C., WEDNESDAY, OCTOBER 29, 1919

EIGHTEEN PAGES

GOVERNMENT WILL INVEST LARGE SUM IN LOAN

RAILWAY STRIKE WILL NOT BE PRECIPITATED WITHOUT NEGOTIATION

Officials of Brotherhood of Railway Trainmen Say Outcome of Conference Will Be Awaited; Executives of United Mine Workers Confer

Chicago, Oct. 29.—Officials of some of the fourteen lodges of the Brotherhood of Railway Trainmen that voted at a secret meeting Sunday to strike October 30 unless their wage demands presented to the railroad administration's board of wages and working conditions were granted in full, denied that the strike would go into effect without negotiations. Other officials were absent from the city and the opposing expressions left the strike situation obscure.

Some local officials of brotherhood lodges said no strike would be entered into hastily and that the outcome of conferences Mr. Lee was to have to-day with Director-General Hines of the railroad administration and other administration officials would be awaited.

The exact status of the strike call seems uncertain, notwithstanding the announcement made in reports that the strike would go into effect Thursday unless the demands, including a minimum wage of \$150 a month were granted "in full."

In view of President Lee's statement in Washington that such a strike would be unauthorized, one local railroad official predicted to-night that in the event of a strike trains would be operated in some manner.

Mine Strike Order Stands.
Indianapolis, Ind., Oct. 29.—The strike order of the United Mine Workers effective Friday midnight stands. After two hours' discussion here to-day officials of the big union, it was announced, had no idea of modifying the call for a cessation of work. President Wilson's pronouncement on the threatened industrial war had no defender in the conference, it was said.

Act on Wilson's Appeal.
Indianapolis, Oct. 29.—Executives of the United Mine Workers of America met here to-day to take final action on President Wilson's appeal that the nation-wide strike of bituminous coal miners ordered for November 1 be called off.

With only sixty hours left before the time for stoppage of production of the nation's fuel supply, the meeting assumed the character of the most weighty one which has yet been held in connection with the miners' demands for a six-hour day, a five-day week and sixty per cent. increase (Continued on page 4.)

E. C. DRURY SLATED ONTARIO LEADER

Conventions Open at Toronto to Now Settle the Matter

Toronto, Oct. 29.—With E. C. Drury, of Simcoe, Ont., the well-known agriculturist leader again, apparently the most likely possibility for Government leadership and the post of Premier of Ontario, separate conventions of the United Farmers of Ontario and the Independent Labor Party opened here to-day to settle the matter.

Added interest is given to the situation to-day by the report that the Liberals have now officially approached the Farmers with a proposition for entering the proposed Farmer-Labor coalition on the understanding, it is said, that one or two portfolios in the new Cabinet will go to their members.

The U. F. O. members and unsuccessful candidates met in the headquarters and the L. I. P. met at the Labor Temple, to consider the reports of the respective committees in the matter of coalition, leadership and general policy. Nothing was officially announced, but it seemed that the popular hint from both caucuses that E. C. Drury would get the leadership. There is no doubt about the fact that the committees of both Farmers and Labor organizations have agreed on the "get-together" policy and it is thought that the alliance, temporarily at least, will be quickly accomplished.

To-morrow there will be a joint convention of U. F. O. and Labor with the prospects of an agreement for united action on all essentials, with a view to taking over the reins of government in the Province of Ontario.

J. J. Morrison, secretary of the U. F. O., is to-day spoken of as a second choice for leadership and Sir Adam Beck as third choice.

PEACE TREATY MAY BE RATIFIED ON ARMISTICE DAY

London, Oct. 29.—The German peace treaty may come into effect on the anniversary of Armistice Day. It was announced by Cecil Harmsworth, Under-Secretary for Foreign Affairs, in the House of Commons to-day that the Government hoped the treaty would be formally ratified on November 11, and come into force the same day.

AN EXCHANGE OF PRISONERS PLANNED

British Government Endeavoring to Get Russian Soviets Consent

London, Oct. 29.—(Reuters)—In the House of Commons yesterday in a reply to a question, Cecil Harmsworth, parliamentary Secretary for Foreign Affairs, stated that the Government was endeavoring to "effect an exchange of Russians for British citizens held prisoner in Russia by the Soviet. A conference with representatives of the Bolshevik in this connection will be held shortly in Denmark. It was believed that 77 British officers and 17 men were being held in Russia.

In answer to another question, he stated that no reply had been received to the Supreme Council's note to Germany and neutrals requesting co-operation in the blockade of Soviet Russia.

The Allied naval forces had been instructed to turn back any ships sailing to the Russian Baltic ports. These measures did not constitute a blockade in the legal sense, and no communication other than that published had been made to the neutral governments. The statement that a half-million women and children were likely to perish as a result of the blockade was without foundation.

Duchess Charlotte of Luxembourg to Marry Bourbon Prince

Luxembourg, Oct. 29.—Grand Duchess Charlotte of Luxembourg and Prince Felix of Bourbon-Parma will be married here November 6 by Bishop Micot, papal nuncio. Prince Felix was born at Schwarzenau, September 25, 1893. Unlike his brothers, Sixtus and Xavier, who served in the Belgian army, he entered the Austrian service, although he declared at the beginning of hostilities he would refuse to fight against the French.

Owing to Prince Felix's war service there was some hostility to his marriage to Grand Duchess Charlotte, but the latter declared it was a love match, and that she would wed no other. The people of Luxembourg subsequently acquiesced in this view.

RIOTERS KILLED, OTHERS INJURED, IN NATIONALIST DEMONSTRATION IN EGYPT

Alexandria, Egypt, Oct. 25.—Belated.—Two rioters were killed and ten others injured and twenty-seven policemen were hurt in a serious nationalist demonstration yesterday. The trouble arose when the police attempted to suppress a peaceable demonstration such as have recently been a weekly feature of political activity in Alexandria. Sticks, stones, bottles and police batons were first used.

The arrival of the Governor of Alexandria restored order for a time. Then two motor lorries with troops appeared on the scene and eventually shots were fired at the crowd.

The trouble was quelled by the authorities, who placed a number of students under arrest.

It was announced in London some time ago that the Government was considering sending to Egypt a special commission headed by Viscount Milner, Secretary for the Colonies, in order to ascertain what changes were necessary in the constitution of the Protectorate.

DETERMINED TO RETIRE FROM POLITICAL LIFE; PREMIER CLEMENCEAU

Paris, Oct. 29.—Premier Clemenceau's refusal to stand as a candidate for the Chamber of Deputies in the lower Rhine, Alsace, is regarded as conclusive evidence of his unwavering determination to retire from political life immediately after the elections. There had been much incredulity expressed concerning the sincerity of the Premier's decision to retire.

COMMANDER OF ITALIAN ARMY SICK IN ENGLAND

London, Oct. 29.—General Diaz, commander-in-chief of the Italian Army, who is on a visit to England, is suffering with a severe cold with a slight fever.

NATIONAL FINANCE DEBATED IN THE BRITISH COMMONS

London, Oct. 29.—National finance was the topic up for debate in the House of Commons to-day with the Government facing probably as critical a body of members as ever in the history of Parliament. More than one hundred members had given notice of a desire to speak, and all of them were understood to be prepared to belabor the Government for its alleged waste and extravagance. Some of the Government's keenest critics are among the supporters of the coalition, including such staunch Unionists as Sir Edward Carson and Lord Robert Cecil.

The programme called for the introduction this afternoon by

Austen Chamberlain, chancellor of the exchequer, of the official resolution drafted by the Cabinet at Monday's meeting. The motion declares "that this House, realizing the serious effects upon the trade and industry of the nation; of the enormous financial burdens resulting from the war, promises its hearty support to the Government in all reasonable proposals, however drastic, for the reduction of expenditure and the diminution of debt."

(Continued on page 4.)

GERMAN SHIPPING LINES ARE ACTIVE

Berlin, Oct. 29.—The Boersen Courier prints an article declaring the Hamburg-American Line will have a weekly service to New York and also a weekly service to Cuba and Mexico via New York and Baltimore at the end of October in connection with Dutch steamers.

The North German Lloyd will have a New York service every ten or fourteen days, a monthly service to New Orleans, Baltimore, Norfolk and Havana by Dutch steamers and every ten days a service to South America on Dutch steamers.

Both lines also will run steamers to all Scandinavian and Spanish ports and to Suez, Tangier, Colon and the West Coast of South America.

The North German Lloyd will have a world shipping plant, relying, like the Hamburg-American Line, on Dutch, Japanese and British ships for long hauls to Australia, Japan, China and Asiatic Dutch colony ports. The dates for the departure of these vessels will begin late in October and run into January.

ACQUITTED BY JURY.

Prince Rupert, Oct. 29.—Michael J. Noone, charged with robbery and administering a drug, was acquitted by the jury in fifteen minutes, at the assize court.

COL. JOHN WARD HONORED BY KING

London, Oct. 29.—The King has invested Colonel John Ward with the insignia of Companion of the Bath and Companion of St. Michael and St. George.

Colonel Ward recently returned from Russia where he had been in command of part of the British forces operating there against the Bolshevik army.

MAKING ABSOLUTE BAN ON LIQUOR

Internal Revenue Officers Enforcing the Law in States

Washington, Oct. 29.—Armed with the drastic provisions of the prohibition enforcement act, which became effective as to wartime prohibition with passage by the Senate of the measure over the President's veto, agents of the Bureau of Internal Revenue to-day took up the task of making absolute the ban on the manufacture and sale of liquor.

The few remaining saloons in the United States were legally open only for the sale of beverages containing less than one-half of one per cent. alcohol. Sale as well as manufacture of beverages of more than that amount of alcoholic content laid the saloon keeper as well as the brewer or distiller liable to heavy penalty. Despite its drastic provisions, the law could not touch the man who had stored up a supply in his own house for his own use.

PACKERS INVEST IN HOTEL STOCK

Disclosed by Letters Placed Before Interstate Commerce Commission

Chicago, Oct. 29.—Letters indicating that the big Chicago packers had invested large sums in the stock of large hotel companies, especially in New York City were introduced yesterday in the Interstate Commerce Commission's hearing of the National Wholesale Grocers' Association complaint that the packers receive special service from the railroads. The letters went into the record over the objection of counsel for Swift & Company.

The letters, chiefly written in 1917 by Louis P. Swift, head of Swift & Company, indicated that Armour & Company held \$200,000 in stock in the Biltmore and about \$500,000 in the Commodore Hotel Companies of New York and that Swift & Company had taken \$50,000 in the Hotel McAlpin. The letters to other officials of Swift & Company suggested that it should be a good policy to take stock in substantial hotel enterprises in order to obtain the business of provisioning these establishments, and told of an effort to obtain stock in the Biltmore and Commodore Hotel Companies, adding, "but it was impossible. Armour had arranged it in advance."

CROWDS RESENTED ACTION OF POLICE

Fist Fighting Marked Presentation by Prince at Montreal

Montreal, Oct. 29.—Fist fighting, the fainting of many women and the complete collapse of all police arrangements for keeping the crowd in order marked the presentation of medals by the Prince of Wales outside the art gallery yesterday. The presentation finally had to be cut short and the Prince left the gallery by a side door, his automobile following a line of police automobiles which were used as tanks to batter a hole through the crowds. Half a dozen enraged and excited citizens engaged in fighting with the police. The constables were too busy to make arrests so they simply fought back, and a good many of the police showed facial marks of the rough and tumble fight. The police were urged to use their batons but refrained, as the front ranks of the crowds were helpless, being urged on by waves of pressure from the rear.

There were many women in the crowd and shrieks were heard from time to time as women found themselves in difficulty. Only one constable could be spared to handle the fainting women, and they were slung over the shoulders of a policeman and carried to the nearest point where first aid could be administered. It was only the good humor of the crowd that prevented the welcome from degenerating into a riot.

Touring Eastern Townships

Montreal, Oct. 29.—The Prince of Wales to-day is touring the Eastern Townships. He will visit St. John's, Farnham, Magog and Sherbrooke.

Returning to Montreal this afternoon, the Prince's train will stop for a few minutes at Lennoxville, Richmond and St. Hyacinthe.

FARMER-LABOR COALITION AIMED AT FOR DOMINION

Toronto, Oct. 29.—A coalition of farmers and labor in the Federal election will be aimed at, according to James Simpson, secretary of the Ontario section of the Canadian Labor Party. Active members of the Farmers' organizations and the labor groups, according to Mr. Simpson, decided four months ago that steps should be taken to bring both groups together.

LOAN DRIVE MADE BIG PROGRESS ON THE SECOND DAY

Total to Last Night, Including City's Investment, \$360,000; \$171,000 Invested Yesterday; Cobble Hill "Over the Top"

After rolling up a \$171,400 investment yesterday, the local Victory Loan organization, greatly encouraged by the results of its work, started out again this morning toward Victoria's \$5,000,000 objective. The campaign made splendid progress on the second day and the \$171,400 invested by 440 applicants does not represent the total amount subscribed in the course of the canvass. This sum was increased last night by a \$50,000 investment which, however, was not reported to headquarters in time to be recorded to-day. Including the investment of the city the total subscription up to last night amounted to \$361,000.

So far the canvassers have confined their efforts chiefly to individual business men and employees in down-town shops and of-

fices. The investments from large firms hardly have started to come in yet, but the response from the small investor is the most encouraging feature of the campaign. Later in the week the larger investments will be recorded and, in fact, the heads of the loan here have lined up large sums which will be paid in before many days have passed. So far, it is stated at loan headquarters, Victoria leads Vancouver in the inter-city bond competition.

Cobble Hill "Goes Over"
Reports from up-Island points indicate that the loan drive is making even faster progress than was expected. Cobble Hill, it was announced at noon to-day, has secured \$17,000, a sum which entitles the district to an honor flag and one crest. The quota of the district is \$14,000, and it will have to invest only \$3,000 more to secure a second crest for its flag. Cobble Hill is the third district to "go over." Cassidy and Parkville having achieved this result on the first day of the drive. Alberni is doing well, having in sight already one fifth of its objective.

Wine Slogan Competition
Announcement of the winner of the Victory Loan slogan competition was made at loan headquarters this morning. The successful slogan writer is A. M. D. Fairbairn, and the winning slogan, which will be used on all loan advertising, is as follows: "So, 5,000,000 What? We'll Show 'Em!" (Continued on page 4.)

PROVINCE TAKES BIG SLICE NEW BONDS

Hon. John Hart Announces Investment of \$789,000 Sinking Funds

Following the personal canvass of the Hon. John Hart, Minister of Finance, by Brigadier-General Clark, Island Chairman of the Victory Loan Campaign this morning it is announced by the head of the Treasury Department that the Province has undertaken to subscribe to the "clean-up" issue the sum of \$789,000. In 1917 and 1918 Victory Loans the Minister invested \$1,744,800 of Provincial sinking funds and in making the announcement of to-day's subscription Mr. Hart points out that he has anticipated sinking fund requirements up to the end of the year. It is probable, moreover, that other small sums may require to be set aside, in which case the Government's subscription would be increased by that amount.

In the meantime the Province's investment in the three national issues reaches the sum of \$2,553,300.

He saw Trotsky review thousands of soldiers who enthusiastically hailed him as "a divine leader." Colonel Malone said that the Bolsheviks asserted that General Denikin had lost the confidence and support of the Allies and had reached an understanding with General von Der Goltz and Colonel Avaloff-Bernhardt, heading the so-called western army composed largely of Germans in the Baltic provinces. Colonel Malone entered Russia from Reval, passing through the Estonian lines.

Former Roumanian Premier Goes to Peace Conference
Paris, Oct. 29.—Gen. Coandă, former Roumanian Premier, has been named to head the Roumanian delegation to the Peace Conference, succeeding Nicholas Mitsu, who, it is expected, will become Foreign Minister.

SIR ADAM BECK MAY BE ASKED TO RETAIN CHAIRMANSHIP

Toronto, Oct. 29.—A mass meeting of municipalities and organizations interested in hydro-electric power and hydro-electric radial railways has been called for this city tomorrow, when the future of hydro-electric will be discussed in view of the changed political situation in the Province of Ontario. It is believed that the meeting will be unanimous in requesting Sir Adam Beck to remain in his position as chairman of the Hydro-Electric Commission of Ontario.

FUEL SITUATION IS SERIOUS IN PARIS

Paris, Oct. 29.—Governmental and municipal authorities and coal merchants virtually admit the impossibility of finding a remedy for the situation which has arisen here because of the coal shortage. Although cold weather has not yet really begun, Paris is already feeling the pinch and there is some suffering in the poorer quarters of the city.

Coal stocks in Paris amount to approximately 20,000 tons with only 3,000 tons arriving daily. The city needs 10,000 tons per day in cold weather.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS.

Children Cry For Fletcher's CASTORIA

Mother and Doctor.

Baby's not well. Looks well but cries, and new what's the matter? Pins? No. Tight band? No. Seem to enjoy its breakfast this morning? Yes. What did the meal consist of? A cup of hot milk and I guess I gave her some of the rolls and bacon I had. Don't guess. If that was her breakfast send out for a bottle of Fletcher's Castoria and after you give her a dose read carefully what a baby of her age should have for breakfast—you'll find it in the booklet around the bottle.

Too many young mothers are like this mother.

Caution. That's the word that should be hung in every home. Caution, Mothers, must be burned, burned deep in your mind if our little ones are to remain with us.

At the first irregularity: at the first flush of fever give Fletcher's Castoria, then call in your physician—he will commend you. You will have done much to aid him.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

CITY OF MONTREAL ENTERTAINS PRINCE

Heir to the British Throne
Speaks on Race
Union

Montreal, Oct. 29.—The Prince of Wales was yesterday afternoon entertained to a civic luncheon at the Place Viger Hotel, at which he met nearly 500 of the city's most prominent professional and business men. Mayor M. Martin presided at the luncheon, and after the toast to the Prince, H. R. H. spoke as follows:

"Mr. Mayor, I am happy to be able to return to Montreal, and I thank you for your generous hospitality in entertaining me to a second luncheon. I was particularly touched, Mr. Mayor, with one passage of the address, in which you welcomed me yesterday—the passage where you referred to the mutual understanding between English-speaking and French-speaking sections of the Canadian nation."

"That is a matter that I had very much at heart. I had it very much at heart when I landed, but having traversed the great Dominion from coast to coast, I have it, if possible, more at heart now than ever before."

"The union of the two races in Canada was never a matter of mere political convenience. On the contrary, it was, and will ever remain, an example of the highest political wisdom, for which the Empire owes an inestimable debt to Cartier, to Macdonald and to other great statesmen of both races, who brought this union about."

"Much has been written and said about the successful way in which the British Empire has established political union between races of different language and different history. The unions in Canada and South Africa are only later examples of the political union between England and Scotland, and that brought Great Britain itself into existence as a political unit."

"Before that, England and Scotland had been constantly and bitterly at war, but since that time they have become so closely united that we have forgotten that they were ever separate peoples."

"The union between England and Scotland has lasted through centuries. The union between British and French races in Canada has only lasted half a century, but who can doubt that the union in Canada will produce as great a power and as united a nation as the British nation itself."

SOVIET FORCES FIGHT DESPERATELY

Reds Suffer Enormous Losses
in Vicinity of Tsarskoe-
selo

Copenhagen, Oct. 29.—A dispatch received at Helsingfors reports heavy fighting in the vicinity of Tsarskoe-Selo, where it is said the Reds are suffering enormous losses. The dispatch says that several persons who escaped from Petrograd report that the entire population, even the women, are participating in the defence of the city under the leadership of Chinese. All the bridges have been mined and blocks of houses transformed into fortresses.

It is reported that the Bolshevik commander has announced that if Petrograd is taken every factory will be blown up. The food situation in the capital is declared to be desperate, and it is said that hundreds of persons are dying daily from starvation.

Denikin's Advance.

London, Oct. 29.—General Denikin's wireless reports that an advance is developing between the Medvitz and the Khoper Rivers, where 800 prisoners have been taken. Many Reds were drowned. One Communist regiment was annihilated. (This section lies north of Tsarskoye.)

"We abandoned Kromy," the dispatch adds, "after severe fighting." (Kromy lies a little to the southwest of Orel.)

Yudenitch Outnumbered.

Viborg, Oct. 29.—The best informed military opinion here is that if General Yudenitch fails to capture Petrograd within the next fortnight the present attempt will definitely be a failure, as the Bolsheviks already greatly outnumber him, and are rapidly bringing up reinforcements from the southeast.

Yudenitch now has every available man fighting, and has no reserves unless the Finns unexpectedly decide to join forces with him.

A COMMOTION AT BAPTIST MEETING

Ottawa, Oct. 29.—Rev. J. Henderson, of Eglinton Baptist Church, Toronto, was the centre of a wild scene at Monday night's meeting of the Ontario and Quebec Baptist Conference. He refused to sit down when told to do so by President Rev. D. S. Q. Wallace, and insisted on speaking. He could not be heard, however, for many of the delegates, including several venerable ministers, rose to their feet and shouted at the top of their voices: "Throw him out," and "Sit down." Finally several of his friends gathered around him and induced him to take his seat.

Scammell Spoke.

The cause of all the trouble was an address given by E. H. Scammell, Assistant Deputy Minister of Soldiers' Civil Re-establishment, who is a member of the First Baptist Church, Ottawa. He spoke on "The Church and the Returned Soldier."

Mr. Scammell asked if his hearers thought that a returned soldier, after his experience at the front, would sing: "I would not breathe for worldly joy."

"To increase my worldly goods,
"My future days or powers employ,
"To spread a sounding name abroad."

Commotion.

A great commotion then occurred. Several interruptions were made in efforts to speak at the same time. There were cries of "Heresy," "Lies," and "Blasphemy."

Rev. Mr. Henderson then rose to his feet and, shouting at the top of his voice, said they certainly could expect soldiers to sing these hymns. The president—I call on you to sit down.

Denunciation.

Mr. Henderson—Before I sit down I will denounce this blasphemy and heresy.

For several minutes many tried to speak at the same time. Mr. Henderson finished what he had to say despite the repeated protests of the president. After Mr. Scammell had finished his address, Mr. Henderson again rose and tried to address the meeting, but Dr. Wallace said he would listen to nothing, but an apology from Mr. Henderson, but an apology from Mr. Henderson, but an apology from Mr. Henderson.

Mr. Henderson—I apologize to the chair only.

The president—Then sit down.

ENGLAND PREPARING FOR RECURRENCE OF INFLUENZA EPIDEMIC

London, Oct. 29.—England is preparing for a recurrence of last winter's epidemic of influenza. A vaccine is being prepared in large quantities at St. Mary's Hospital and other bacteriological centres in London for distribution. Inoculation with this vaccine against influenza and common colds is now being widely practiced by doctors all over the British Isles.

Scores of test cases designed to prove its effectiveness are said to have resulted successfully.

DACOTAH WOMAN COULD SHOUT FOR JOY, SHE ASSERTS

Mrs. Cullen Rejoices Over Her
Wonderful Restoration to
Health After Taking
Tanlac

"I'm just as happy over the way Tanlac has returned me to complete health as that little girl going out and telling everybody I meet about it," was the way Mrs. Annie Cullen described her wonderful recovery by the use of Tanlac the other day. Mrs. Cullen resides at Dacotah, Manitoba.

"I was almost a complete nervous and physical wreck before I began taking Tanlac," continued Mrs. Cullen, "and I had almost given up all hope of ever being relieved of my suffering. For three years I suffered from as bad a case of stomach trouble as anybody ever had, I believe, and indigestion troubles me so awful bad after every meal that I got to where I didn't eat enough to hardly keep me alive. My nerves were completely shattered, and if anybody even rustled a newspaper when I was not expecting it, I would become upset. Last winter I had an attack of the flu that kept me in bed three weeks, and it went so hard with me that I was hardly able to lift my head from the pillow. When I got up I was in such a weakened condition that I thought every day I would suffer a complete breakdown and have to take my bed again. When I would try to eat a little something to get some strength, I would have terrible cramps in my stomach before I got half through eating, and the pains hurt me so bad as to almost draw me double. Sometimes I was so weak I thought I would faint right in my tracks, and for months at a time I was not able to do a bit of my housework. I suffered with a terrible pain in my back right across my kidneys, and I could hardly stoop over, and I don't believe I was ever without a headache after I had the flu. I dreaded for night to come for I was miserable almost from the time I went to bed, until the time I got up, why it's a fact, for months at a time I didn't get over two hours' sleep a night. This was my actual condition, and to save my life I don't see how I managed to bear up under it all."

"I tried nearly every known treatment and medicine, but I got no relief whatever until I commenced taking Tanlac. From the very first I began to improve, and my troubles gradually started to go away, and I kept right on taking Tanlac and getting better right along. I have finished my fourth bottle now, and you may not believe it, but it is the truth just the same, all my troubles have been entirely overcome, and I am enjoying the best of health. I can eat anything I please now, and never suffer the least bit with my stomach. The pains in my back and stomach have completely disappeared, and I have almost forgotten that I ever had a headache. My nerves are so steady that I don't believe they were ever in better condition, and when I go to bed at night I can sleep as sound as a child and get up every morning and do my housework with more ease than ever. My recovery seems more like a dream to me than anything else. I am so happy I just almost feel like shouting for joy."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

BRITISH COMMONS VOTE CONFIDENCE IN GOVERNMENT

London, Oct. 29.—The Government last night received a vote of confidence in the House of Commons. The bill renewing the powers of the Defence of the Realm Act was under discussion. Sir Frederick Banbury, having obtained the Speaker's endorsement of a technical objection to the bill, moved the adjournment of the debate to secure withdrawal and the substitution of a new bill.

Mr. Andrew Bonar Law, Government spokesman, basing himself on the Speaker's admission that the bill could be remedied in committee refused to withdraw it and made the question one of confidence.

The Banbury motion was then rejected by a vote of 263 to 77.

A Frightful Death, Suffocated by Asthma

The Dread of Such an Unhappy End Oppresses Every Sufferer.

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhones, which cure Asthma after hope is abandoned. It's because Catarrhones kills the asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Equally good for Bronchitis, throat trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from the Catarrhones Co., Kingston, Canada.

Angus Campbell & Co. Ltd.

BUY VICTORY BONDS

HUTTERITES SLIPPING ACROSS THE BORDER

Winnipeg, Oct. 29.—Finding it a difficult job getting into Manitoba from the United States by train, Hutterites, it is alleged, are trying to outwit the immigration authorities by entering in automobiles. Reports to this effect were submitted at a meeting of the central branch of the G.W.V.A. last night with the result that a resolution was unanimously passed calling the attention of the Federal Government to the matter and urging it to take immediate steps to see that the regulations prohibiting the entry of Hutterites into Manitoba were not evaded in what was described as "this astute way."

BOLSHEVIK PLOT WAS UNCOVERED IN LONDON

London, Oct. 29.—Bolshevik plans for the seizure of Whitehall and of Westminster were laid early during the present year, it has just been disclosed. A number of extremists, most of whom are still engaged in Bolshevik propaganda here and in the United States, met and discussed the plans for this undertaking, which they hoped would be executed by a so-called sailors' and soldiers' union. One of the plotters since has been sent to prison, where he is still serving a sentence for having made revolutionary speeches. The plot came to naught because of lack of support and the watchfulness of the authorities.

"KAISER FILM" SEIZED.

Copenhagen, Oct. 29.—A competent German court has acceded to the former German Emperor's application for the seizure and confiscation of the "Kaiser film," according to The Zeitungs Am Mittag. The action against the actor, Ferdinand Bonn, who prepared the film, has been abandoned.

Suit against Bonn was instituted by the former Emperor recently, in suit and the misuse of his portrait being charges. The film was to have been produced in Berlin October 10, but was suppressed by the Government. It was exhibited elsewhere, however.

THE NEXT HOUSE.

A writer in an eastern publication predicts, in the light of present indications, a total farmers' representation in the next House of Commons of at least sixty, consisting principally of members elected in rural Ontario and the three Prairie Provinces. The Liberals, he says, with the Quebec delegation almost solidly behind them, their assured following from the Maritime Provinces and certain seats in Ontario and elsewhere, should have at least ninety members. This leaves some eighty constituencies to be divided between Unionists, Laborites and Conservatives.

This is a rather free prediction and unexpected developments may subject it to radical amendment. Certainly, if the farmers' movement shall continue to make progress at its present rate, Mr. Crerar, who undoubtedly will be the head of it, if he is not the head of it now, will have at least sixty supporters behind him in the next Parliament. Whether the Liberals will gain a solid Quebec or not, however, will depend upon the impression the leadership of the Hon. W. L. Mackenzie King will make upon the people of that Province and upon certain questions of policy, of which the tariff question is one of the most important.

Quebec has her own views on the question of protection versus free trade and, if anything, prefers the former. The fight there will be chiefly between the two old parties, assuming that common ground be found between the Liberals and the Nationalists; otherwise there will be three parties in the Quebec field. To predict a solid Quebec for any party, therefore, is taking a long chance. It is safe only to predict that neither the United Farmers nor the Unionists will have any standing in the ancient Province.

But of one thing we may be sure. The House of Commons of the future will not be composed solely of the adherents of the two old parties. These parties hitherto have dominated the House mainly because of the character of their leadership, as illustrated by Sir John A. Macdonald and Sir Wilfrid Laurier, and the absence of issues big enough to submerge the allegiance of their followers. Present prospects are that there will be several groups in the next Parliament and this is likely to involve coalitions on both Government and Opposition sides and, in consequence, more frequent elections.

GOOD MARGIN OF CONFIDENCE.

In the British House of Commons yesterday Sir Frederick Banbury moved the adjournment of the debate on a bill designed to renew the powers of the Defence of the Realm Act—popularly christened "Dora" during the war and figuratively kicked from pillar to post on every conceivable occasion—by securing its withdrawal and the substitution of a new bill. Mr. Bonar Law objected, took the course that remedies could be provided in the committee stage, and promptly seized the opportunity to convert the question into one of confidence. The result was the rejection of the Banbury motion and sustention of the Ministry by a vote of 283 to 77.

There is nothing yet to indicate the nature of the new bill desired, although Sir Frederick's allegiance to the old Tory school, his chairmanship of the Great Northern Railway Company and directorship of the London and Provincial Bank would seem to suggest a "Dora" that would set Labor by the ears under given circumstances. Nor can he be expected to incline with any special affection to the leadership of Mr. Lloyd George. Little importance, therefore, need be attached to what has the appearance of a fresh attempt to embarrass the Government, while the astute move on the part of Mr. Bonar Law shows that the Government is keeping a vigilant eye on the political situation in the House, and particularly upon snap-vote tactics.

COAL AND STEEL.

Although the coal mine dispute has a different basis from that of the strike in the steel industry, the two industries are so closely allied to one another that protracted trouble in one is bound ultimately to affect the other. The United Mine Workers of America are demanding what amounts to a sixty per cent. increase in wages, a six-hour

day and a five-day week. The strikers in the steel industry demand recognition of the closed shop system by the United States Steel Corporation. All efforts to effect a settlement of the steel trouble have failed, and President Wilson's request to the United Mine Workers to annul the order calling a strike in the coal mines indicate that a similar fate has met the attempts to find a common ground between the United Mine Workers and the coal mine operators. Coal and steel are two of the chief props of American industry, and if their production is seriously impaired the United States will have a grave economic crisis on its hands.

"BRITISH HORSE SENSE RE-DEMONSTRATED."

As a contrast to the many pessimistic articles that have appeared relative to post-war conditions in England, it is refreshing to observe the conclusions given by Mr. Charles H. Grasty, of the editorial staff of the New York Times, in a recent letter to his paper after a visit to England. Mr. Grasty has gone to Europe to get below the surface of things and in England he appears to have got very near to the country's heart beat. He writes of conditions there as follows: "One sees in England an improvement as compared to four months ago that is unmistakable. The whole atmosphere is different. Difficulties that were there then are still there, but the temper is changed. The failure of the recent strike, not so much because of the outcome, but because the way the people acted, has had a profound effect on the public morals. Good British horse sense has redemonstrated itself.

"England is not going to be run away with by any element. She is doing business at the old stand. Sacrifices and readjustments will go on for many a year, but there will be no breakdown or upsets.

"The working out of all after-war problems is looked forward to confidently, although there is the usual criticism which accompanies this process in England. The people—that part of them which assumes responsibility—have set their teeth for the task. The sacrifice and self-denial involved have been discounted and will cause no throes.

"London teems with people and activity. It is almost, but not quite, as busy looking as New York. From outward appearances it would seem that the great British machine of production and barter has begun to function at something like normal."

"MARIE SUSAN TEMPEST."

Even yet it may be too early to abandon hope for the safety of Miss Marie Tempest, whose disappearance from the Cunard liner Orduna will have shocked the theatrical world. So far it has not been possible to establish any reason why she should have taken her own life, nor is there any clue to which accidental drowning might be ascribed. In the meantime the English-speaking stage the world over must contemplate the loss of one of its most brilliant, if not the most brilliant, of its comedienne. It will be remembered that Miss Tempest, who is Mrs. Cosmo Charles Gordon-Lennox, came to British Columbia during her American tour in 1915. Originally intended for the operatic stage, she created the part of Nell Gwyn in "English Nell" nearly twenty years ago, while her entry into management on her own account in 1911 commenced the most successful days of her career. Miss Tempest was the eldest daughter of Mr. Edwin Etherington and had passed her fifty-third birthday.

CUT-TO-FIT HOUSES.

If a loan of \$50,000 as a stimulant to the increased manufacture of cut-to-fit houses achieves all that is anticipated of it, the Provincial Department of Industries will have planted an investment which should spread the fame of the British Columbia wooden house far and wide. It is particularly interesting to note that the British Health authorities have removed the restriction from the wooden dwelling, a development which the Agent-General for this Province in London has seized upon to renew his claim for an investigation into the "colonial bungalow." At the present time a representative of the British Government is on his way to this Province. And because of the fact that brick production in the British Isles, if speeded up to double pre-war output, would take years to provide the wherewithal to catch up the present house shortage, every effort should be made to create an overseas market for the British Columbia cut-to-fit house.

One of the bids opened by the City Council on Monday night for certain work to be carried out under the Fire Department contained a trite suggestion, not to say a novel argument in favor of the bidder. Said he in his tender: "If I get this job I can almost pay my taxes." Who said the age of materialism has destroyed good old-fashioned commercial candor?

sure that my figures were going to be right until I went to Semple's Hall in Victoria West in the morning. When I saw what was going on there I was afraid. The ballots were left where any one could take them—and Harry Price was there alone. This is wholly untrue, and Mr. Barnard knows it, for he saw what scores of others saw, that one of the returned officers had taken charge of the ballots of Section One, owing to the returning officer who had charge of that section not turn up till some time after the polls opened. Mr. Barnard was in the booth when the ballots were handed to Mr. White, who was the officer who had arrived late.

"Let me state that owing to illness I did not rise until 8.15, that with my wife and several friends I went to the polls to vote, arriving there a few minutes after nine. I found the room crowded with voters who were anxious to get their ballots and they were so persistent that the returning officers and their

clerks could not attend to all of them at once. A number of the voters were anxious to catch the E. & N. train and as the returning officer was not there a great deal of excitement was caused. When Mr. White arrived his poll clerk explained the position of things, and immediately a number of inquiries were made which resulted in finding that his ballots and envelopes were in custody of another returning officer.

"Now, if Mr. Barnard had not been there, one could have understood that he might have received the story that he told, second-hand, but Mr. Barnard and Mr. Marchant, his solicitor were there, and know that what I have stated are the actual facts. Besides there was over fifty people as well as the twenty officials in the booth, who can verify my statement. Mr. Barnard should apologize for his distortion of the facts. If he does not, he will stand convicted by those who were present at the polling booth as guilty of

WITHOUT NEGOTIATION.

(Continued from page 1.)

in wages. Out of it will come the final word of the miners on the situation. Discontinuance of the production of coal would more effectively tie up the industries of the country than would a strike of any other body of workers, and in addition, such action would cause untold suffering among millions of the country's inhabitants.

Right up to the hour of the conference this morning miners' officials reiterated that they were willing to negotiate with the operators, but said that the latter had shown no inclination to discuss the demands.

Drastic Steps.

Washington, Oct. 28.—The Government prepared to take drastic steps to deal with conditions arising in the coal fields if the executive board of the United Mine Workers of America permits the strike order to stand. This became known today after Federal Fuel Administrator Garfield had been summoned from Massachusetts to discuss the situation with Secretary Tumulty.

Mr. Garfield left a memorandum on the coal situation for President Wilson. He was hopeful that the strike could be averted and that it would not be necessary to revive the fuel administration, which under the Lever Food Control Act, still would retain all its wartime authority over the nation's fuel supply.

LOAN DRIVE MADE
BIG PROGRESS ON
THE SECOND DAY

(Continued from page 1.)

Fair Sex Enthusiastic

The young women of Victoria are buying Victory Bonds to the limit of their purses. That is the unanimous opinion of the Victory Loan salesmen after a two days' canvass. It is remarkable how anxious the ladies are to hear all about the details of the bonds as a means of investment, and there is no doubt that they have been systematically saving up for this loan. A great many of them have been buying thrift stamps and war savings certificates and are now cashing them into purchase Victory Bonds with their savings.

Interesting Experiences

The sixty local canvassers did not conclude their yesterday without some interesting experiences. R. H. Williams, of Feden's No. 7 team, disgusted with the poor showing he had made during the day, plotted deeply on the way home, and then went out at eight o'clock last night and trebled his day's work.

When Capt. McLagan so seriously told the mother of a husky two-year-old Polak that her fair child resembled Lillian Russell in her palmist days, Mac was getting in a little deep Irish salesmanship—at least, he figured it so when he got the application for a 1924 Victory Loan Bond.

Captain Bell, injured by the father of one family that he could not buy bonds because he had recently bought a pair of boots for his boy and the said boots had gone to pieces in ten days. Captain Bell urged that as a good argument for buying Victory Bonds, for after fifteen years they will not be worn out. The argument had the desired effect.

Capt. Geo. McGregor of the Victoria Tug Co. felt that when the staff of two had both subscribed and were entitled to an honor emblem that it was a victory too cheaply won, so he stepped out and bought a bond for each and every member of the McGregor family.

Having secured loan investments from the father and two daughters, J. W. Hudson, captain of team No. 3, thought he had landed the whole family. Going around to the back of the house, however, in an endeavor to take a short cut, he came upon the scene of the house cutting wood. Mr. Hudson was able to talk the boy into buying a bond, and, hearing squeals from the cellar, entered to find still another small member of the family who had fallen down stairs. The salesman comforted the bruised kiddie, after a short talk with the visitor, persuaded his father to purchase a bond also for him.

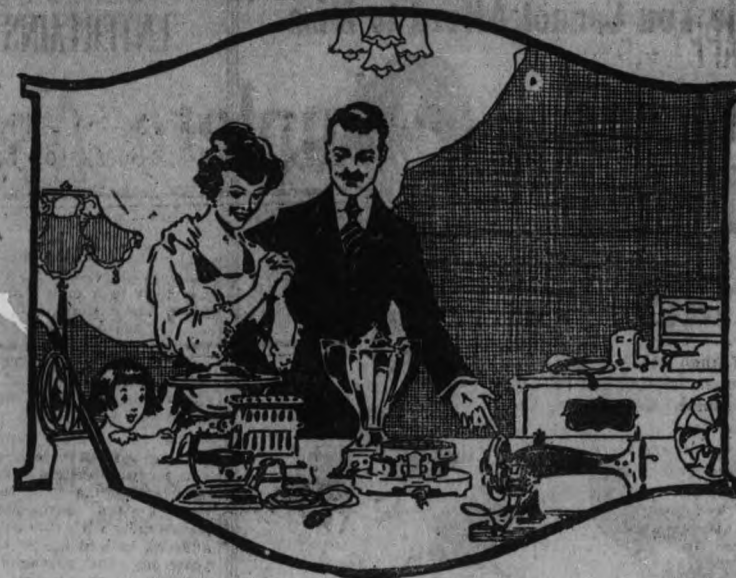

Carmen Invest \$50,000

Ottawa, Oct. 28.—Fifty thousand dollars was placed to the credit of the Canadian Victory Loan, 1919, in Ottawa yesterday, the money coming all the way from Kansas City, Mo. The subscription was placed by Thomas Broad, of 50 Melrose Avenue. Mr. Broad is the fifth member of the international executive of the Brotherhood of Railway Carmen of America and is also vice-chairman of the C.P.R. joint protective board of the brotherhood.

The \$50,000 represents a portion of the international funds of the brotherhood. This makes in all over \$150,000 which the brotherhood has in the various Canadian Victory Loans.

PROPAGANDA BY
SINN' FEIN IN STATES
DENIED IN COMMONS

London, Oct. 28.—In the Commons yesterday Mr. Harmsworth, answering a question by William Clough, Liberal member for Yorkshire, said the Government was unaware that an active propaganda was being carried on in the United States by Sinn Feiners with a view to influencing public opinion against Great Britain by false and exaggerated statements. The Government, he added, took the opportunity wherever possible, to correct false statements with regard to the action and policy of Great Britain.

There are innumerable little labor-saving devices that you can purchase to lighten the housework or make the home a more comfortable, happier place in which to live. OPPOSITE POST OFFICE

NATIONAL FINANCE
DEBATED IN THE
HOUSE OF COMMONS

(Continued from page 1.)

This is counted as equivalent to a demand for a vote of confidence. Donald McLean, for the Independent Liberals and W. C. Adamson, for the Labor party, have tabled amendments which are virtually equivalent to votes of censure. It is expected the debate will occupy the remainder of the parliamentary week. Bonar Law, the Government leader, will speak in the Government's defence. Winston Churchill will defend the War Office against which some of the strongest charges of extravagance have been launched. Others of the ministers will probably offer defence of their respective departments.

Notwithstanding the intense anti-government feeling in a large section of both the House and electorate, present opinion in parliamentary quarters is that the defeat of the Government is unlikely.

Floating Debt.

London, Oct. 28.—The floating debt of the country on October 26, Mr. Chamberlain told the House, amounted to £128,000,000. He calculated that next year after providing for the abnormal aftermath of war expenditure there would be a substantial balance on the year to go toward the reduction of the debt. Describing the British loan in the United States, Mr. Chamberlain said the effect would be that the Government had secured the conversion of an external debt into an internal debt, which was tantamount to placing national war bonds with United States' investors at a more favorable rate of exchange than was obtainable in the open market.

The Chancellor declared there was no financial crisis justifying such a disturbing factor as to lead to the introduction of a second budget. He was opposed to a levy on capital, because it would encourage extravagance and hinder the influx of capital. If the House decided upon such a measure it need not expect him to carry it out, he declared.

Mr. Chamberlain hinted at a revision of railroad rates to make the railroads self-supporting. Ordinary civilian unemployment doles would be terminated on November 21, he said, and the bread subsidy ended at an early date.

Reason For Caution.

Austen Chamberlain, chancellor of the exchequer, speaking in the Commons on the financial situation on which the Government is asking for a vote of confidence, said that there was every reason for caution, economy and wise husbandry of resources, but none for panic. He hoped that the House of Lords would not confuse hysteria with strength, and announced that the position of the Government was distinctly better than had been anticipated in August. Taxes and other revenue were coming in extraordinary well and he no longer thought that new taxation would be required next year to balance revenue and expenditures. Mr. Chamberlain asserted that no

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, October 29, 1894.

Five hundred ladies and gentlemen attended the annual charity ball last evening, and thereby rewarded the members of the Ladies' Auxiliary for several weeks of earnest and hard work.

The Norwegian colonists who have taken up a tract of land near Bella Coola leave for their new homes to-morrow. The government of the colony is to be administered by a council of five, all to be elected annually by the colonists.

The U. S. revenue cutter Corwin has examined the coast from San Francisco to Astoria but has failed to find any traces of the missing ship, Ivanhoe.

single feature of the world situation had entailed heavier burdens on Great Britain than the fact that no treaty of peace with Turkey had been signed and no settlement in the East had been reached. For this, however, the Government was in no way responsible.

Mr. Chamberlain continued that it was not within the power of the British Government to remedy the Turkish situation which was an international affair. Everybody knew that a settlement was being delayed, pending a decision by the United States whether it would undertake her part of the white man's burden, and the execution of the tutelage of Turkey under the League of Nations.

Mr. Chamberlain, referring to the economics demanded, said that if the staffs of all departments were placed upon a pre-war rate of pay it would effect a saving of only £22,000,000. Everyone knew that the reduction could not be effected.

Mr. Chamberlain said that a general levy upon capital was out of the question. A levy upon war profits stood upon a different footing but the difficulties of undertaking such a scheme of taxation were immense and the disadvantage outweighed the advantages.

Mr. Chamberlain invited the House to explore the suggestion of a levy on war profits.

While there was every reason for caution the chancellor declared there was no occasion for panic, as the country's position was sound.

GERMAN GUILTY
OF DYNAMITING
BRIDGE AT ST. CROIX

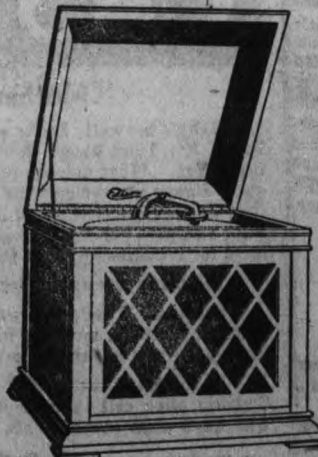

Fredericton, N. B., Oct. 28.—Werner Horn was found guilty to-day on the charge that he dynamited the Canadian end of the international bridge at St. Croix February 12, 1915. The jury was out only thirteen minutes.

Horn, who conducted his own defence, said he was a German officer and was acting under orders of the German Government in war time.

MR. PRICE REPLIES.

CANADIAN SCOTTISH HAVE HAPPY TIME AT THEIR RE-UNION

Major-Gen. Mewburn Among
Officers Present; Fought
Over Old Battles

Glowing tributes were paid to the war record of the 16th Battalion, "Canadian Scottish," at a reunion banquet of the famous unit held last night in the Empress Hotel. Soldiers who have risen high in Canada's military circles made ringing speeches in which they eulogized the brilliant record of the "red patch" division and laid particular emphasis on the fighting qualities and achievements of the killed warriors in the 16th Battalion.

At the head table in the banquet hall sat a large number of high and much-decorated officers. Major-General R. G. B. Leckie, C.M.G., G.O.C., the first colonel of the 16th Battalion, whose active military career in France was cut short by a straying piece of shell casing in the Ypres salient, presided, and on his right sat General Sir Arthur Currie, who wore kilts when he left Victoria in August, 1914, to start his climb to the pedestal of military fame. On the chairman's left was Major-General the Hon. S. C. Mewburn, Minister of Militia and Defence, who arrived from the East yesterday and was invited to attend the banquet. Lieut.-Col. Cy Peck, V.C., M.P., the gallant O.C. who brought the 16th Battalion back to Canada, was a guest of honor.

Sixty Originals

At the various tables sat about 160 officers, N.C.O.'s and men who had served with the Canadian Scottish at various stages during its long war service. They expressed surprise when it was announced there were about sixty "originals" present. About thirty officers and men came over from Vancouver to participate in the grand reunion.

Major-General Mewburn, although not on the toast list, was called upon to speak. Considerable interest was manifested in the Minister's attitude towards the reorganization of the Canadian militia. On this point the Minister stated that if he had anything to say in the final policy adopted he would urge that the name of every unit that served in France be perpetuated in the Canadian Militia. In this manner the traditions of Canada's gallant army could be handed on to the coming generations. The Minister agreed that no one wanted militarism, but that it was essential that there must be some military organization in the country. "The 50,000 gallant Canadian lives sacrificed on the battlefield must not have been given in vain," stated the Minister. "Their deeds must be perpetuated in the militia of the great Dominion."

General Mewburn intimated that the militia would be reorganized along lines suggested by the commission which is now traveling throughout Canada soliciting information as to the most efficient lines on which to develop the militia.

Silver Cross for Mothers

General Mewburn stated that a silver cross, hung from a purple ribbon, would be given to every mother who had lost a boy at the front as a slight token of the esteem for the self-sacrificing devotion of the parents. Eight war memorials are to be erected to the memory of Canadians fallen in France. One takes the form of a Hall of Records, while the others will be memorials commemorating the fallen. A sum of \$500,000 had been voted by the Government for the work and it would be consummated shortly.

Major-General Leckie proposed the toast to the Corps Commander. He referred to the brilliant work accomplished by Generals Currie and his able leadership. General Leckie also spoke of the record of the famous battalion which he took to France, and he felt glad to be able once again to preside over one of its functions.

General Currie dwelt at considerable length on the work of the battalion, which he stated had never failed to take an objective or to fulfill any duty that was asked of it. The General reviewed the activities of the Canadian Corps from the time it reached France in February, 1915, until its victorious march to the Rhine. This record of achievement had given Canada a place in the affections of the world and a status as a nation. The General spoke of the need of co-operation during the period of reconstruction.

"The Old Battalion"

Colonel Peck received a tremendous ovation when he arose to propose the toast to "The Old Battalion." The Colonel reviewed in stirring tones the work the Canadian Scottish had done. He joined the unit in April, 1915, and remained with it through its harrowing struggles until the end. The Colonel took pride in the fact that the battalion had never been called upon in vain.

The splendid musical programme given during the evening, included many Scottish songs. James Hunter, Lieut. R. R. Webb, T. Kelway and Lieut.-Colonel J. Solater delighted the boys with their rendition of numerous songs. Colonel Peck amused the party with his singing of "Tommy's Favorite," and "Aurette Gentle Aurette."

Pipe-Major Gordon Ross, who had played the boys over, in and out of the line and over the plank roads and noble stones, skirled the banqueters into the ballroom last night.

A BEDTIME STORY

Uncle Wiggly and Peetie's Peanuts.

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

Once upon a time, when Uncle Wiggly Longears, the bunny rabbit gentleman, was hopping through the woods, he heard a rustling in the bushes, and, hiding behind a sassafras tree, he said:

"I guess I'd better peek out and see who this is before I go any further. It might be the bad Pipsisawah or the worse Skeezies."

And then, all of a sudden, Uncle Wiggly heard a voice say:

"Dear me! What funny talk! I thought the bunny rabbit gentleman to himself. What an odd word—whatcheein? I wonder what it means? The Pipsisawah nor the Skeezies never talked like that!"

Then he heard another voice answer and say:

"I'm eatin' peanuts. Want some, Jackie?"

"Of course, I do, Peetie," was the answer, and, then, after hearing those names, Uncle Wiggly wasn't afraid any more. Peeking around the corner of the hollyhock bush the bunny rabbit saw Jackie and Peetie. Saw Wow, the two little puppy dogs. And the funny word Jackie had said was really four words. "Whatcheein?" meant "What are you eating?" And Peetie had told—it was peanuts he was eating.

Still keeping hidden behind the hollyhock bush, Uncle Wiggly listened to the crackling of the peanut shells and the chewing of the two puppy dogs, who, he didn't know, the bunny rabbit gentleman was anywhere near them.

"There, all the peanuts are gone!" said Peetie, after a while. "Nothing left on the shells left!"

"I know how we can have a lot of fun with them," barked Jackie.

"How?" asked Peetie, as he polished his new collar by rubbing the brass name plate on some dried moss. He and Jackie each had new collars, and Jackie's was a bit old-looking, from having been used to pull Ding Dong

"The rabbit gentleman took the bag, innocent like, and making believe he didn't know what was in it, and then he sat down on a flat stump and said:

"Jackie and Peetie, Nurse Jane sent me to the store after a loaf of bread. But I forgot it. Now I'll sit here and wait for you back and get it for me."

"Horlick's Malted Milk for Infants. A safe milk diet, better than cow's milk alone. Contains rich milk and malted grain extract."

IN WOMAN'S DOMAIN

Social Personal

Mr. and Mrs. Lukin Johnston, of Vancouver, are in the city.

Captain Noel Murray, of Qualicum, is staying at the Empress Hotel.

Lieut. Colonel and Mrs. Alfred Markham, of Vancouver, are guests at the Empress Hotel.

Lady Barnard and Mrs. Chas. Loewen have been spending the past few days in Vancouver, the guests of Mrs. B. T. Rogers.

Mrs. Paul Wilkins, of Saratoga Avenue, Oak Bay, has been spending the week-end in Vancouver, visiting Mrs. Newton Burdick.

On Saturday last at the residence of the officiating minister, Rev. Joseph McCoy, the marriage took place of George R. Henshall, of Monterey Avenue, Oak Bay, to Laura, daughter of Mr. and Mrs. D. Williamson, of Yates Street.

At "Breadalbane," Fort Street, on Monday evening, the Rev. Dr. Campbell celebrated the marriage of Joseph Sayers Knox and Miss Winifred Evelyn Blakey, of Victoria. The bride was attended by Mrs. Ernest Noel, and the bridegroom was accompanied by Archibald Noel. After a trip to the Sound cities Mr. and Mrs. Knox will make their home in this city.

Miss Victoria Erant, of Victoria, who saw four years of active service as a nursing sister in the European war, being stationed for a time at Salonica and, later, in France, is a guest of Mrs. J. L. Hill in Port Alberni and is renewing a number of acquaintances. Prior to her enlistment Miss Erant was matron of the West Coast General hospital in that city.

The Sooke Harbor Hotel, which has recently been taken over by Major George Nicholson and Capt. K. George of Victoria, will be formally opened on Saturday evening next, November 1, with a dance. A good orchestra has been engaged and supper will be provided. It is anticipated that a number of Victorians will journey out to the hotel for what promises to be a most enjoyable social event.

For the purpose of obtaining funds for the winter recreation fund of Esquimalt Hospital a dance will be held to-morrow night at the Alexandra Club from nine o'clock until one o'clock. The funds are needed to provide equipment for the recreation hut and to help defray the expenses of the socials and dances which brighten the lives of the patients during the long winter evenings when many are unable to make the journey down town. Miss Thain's five-piece orchestra will supply the music and refreshments will be served.

At St. Mary's Church, Oak Bay, on October 22 the marriage was solemnized by the Rev. G. H. Andrews of Miss Mary Patton, of 1004 Queen's Avenue, to Alfred Wilkes Webb, of Victoria. The bride, who was given in marriage by her uncle, A. T. Macaulay, was attended by Miss Ida Stevens as bridesmaid. The groom

Bring it to me here. Meanwhile I'll be eating some peanuts!"

"Yes, we'll get the bread for you!" barked Jackie. And he whispered to his brother: "Oh, won't he be spriced when he finds only empty shells! Oh! Oh!"

Through the woods to the bread store ran Jackie and Peetie, while Uncle Wiggly sat on the flat stump. The doggie boys hurried back, for they wanted to see how surprised Mr. Longears would be when he opened the empty peanut shells.

"There he sits," said Peetie to Jackie, as they came within sight of the rabbit gentleman, who was sitting on the stump with the bag in his paws.

"What! Back so soon, boys?" asked Uncle Wiggly. "I guess I have fallen asleep. I haven't yet eaten any of the peanuts they so kindly gave me. I'll start now. Are you sure you don't want any?"

"Oh, we had some!" barked Jackie. Uncle Wiggly opened the bag and took a peanut in his paw. He cracked it and out came a nice little piece of peppermint candy.

"Dear me!" exclaimed the bunny gentleman as he popped the candy into his mouth. "These are very funny peanuts, but I'll say they're nice!" He opened another nut and this time out rolled a bit of sassafras candy. Uncle Wiggly ate that, and opened a third peanut. Out came a gum drop.

"Why, these are the best peanuts I ever ate, boys!" laughed the bunny. "Are you sure you don't want some?"

"Are these—those—did we give you those peanuts?" stammered Peetie.

"Well, you gave me a bag of empty shells," said the bunny, twinkling his pink nose slyly like. "Some one had taken out all the peanuts. But I happened to have some candy in my pocket, so I filled the empty shells with candy, gum-drops, and the like of that. Will you have some?"

"I—I guess we will!" barked Jackie. "This joke is on us, Peetie!"

"Yes, agreed the other little puppy dog. "It is!"

And so it was; wasn't it? And if the lollypop doesn't get lost when it goes to the drug store to see if the ice cream cone wants to come to the moving pictures, I'll tell you next about Uncle Wiggly and Neddie's cabbage.

FIRST AID CLASSES TO BE RESUMED

Annual Meeting of St. John Ambulance Society To-morrow Evening

The St. John's Ambulance First Aid and Home Nursing Classes are to be resumed on Wednesday evening next, November 5, in the Commodore of the Great War Home, Courtney and Douglas Streets. Dr. A. G. Price, the City Health Officer, will be the lecturer for the course. In view of the possibility of a recurrence of the epidemic which swept the country last year, it is hoped that there will be a big enrolment for these classes and that housewives and women generally will equip themselves with knowledge of the rudiments of nursing.

The annual meeting of St. John's Ambulance Association will take place on Thursday evening at 8 o'clock in the Y. W. C. A., Yates Street. A. J. Dallan, the president, will be in the chair, and will submit his yearly report, while the secretary's report will be read by J. H. Hill.

SPECIAL MUSIC AT JELICOE BALL

A special feature of the ball to be given at the Empress Hotel in honor of Lord Jellicoe will be the music for which special arrangements are being made. Heaton's orchestra augmented to six violins as well as banjos and saxophones will play in the palm room. He is busy rehearsing the newest and most snappy music and all the latest waltzes will be played. Bandmaster Rumsby's G. W. V. A. orchestra of ten pieces will play in the writing room, and he is on his mettle to show that he can at least come up to Mr. Heaton's standard.

The programme will be run according to naval traditions, strictly on time, and by time schedule, thus avoiding all confusion between partners. The programme of music, the best ever played in Victoria, will be published later.

In order to avoid overcrowding, the committee have under consideration the question of reducing the number of tickets to be issued, and intending applicants are reminded that these can be had at Room 232 Pemberton Building, and from Mr. H. H. Rowley, Union Bank, Government Street, Victoria, B. C.

British-Israel Association will meet at 1253 Richardson Street on Wednesday, October 29, at 8 p.m.

SEATTLE TALENT AT AERIAL CABARET

Aerial League Plans Ambitious Event For November 26 at Empress

Encouraged by the overwhelming success of their previous efforts in the way of social functions, the Aerial League of Canada has embarked on an ambitious project in the form of a cabaret to be given at the Empress Hotel on November 26. The event will be under the patronage of the Lieutenant-Governor and Lady Barnard, Major-General Leckie, G.O.C., and Capt. Martin, senior naval officer. The cabaret will take place in the ballroom, while the palm and writing rooms will be given up to dancing.

The arrangements are in the hands of a cabaret committee, including Mrs. Harry Pooley, Mrs. A. J. Gibson, W. H. Wilkerson and Gordon A. Cameron.

High-class talent will be secured from Seattle, including thirteen prominent performers, seven of them being members of a well-known Jazz band. The detailed programme will be announced later, but the opening feature will be a March-song procession, entitled "Picture Numbers," in which the performers, headed by the band, will promenade the ballroom. Many novelties have been provided for, and the decorations will not be overlooked.

The table plan and tickets will be available at Wilkerson's Jewelry Store on or about November 3. Previous to the opening of the plan, parties up to sixteen in number will be accommodated with reservations. For the convenience of large parties reservations may be made by mail addressed to G. A. Cameron, Aerial League office, Union Bank Building. Table reservations must be claimed on the opening of the table plan.

I. O. D. E. CHAPTER'S DANCE TO-NIGHT

Flags and bunting in lavish profusion have been used to transform the appearance of the Alexandra Club for the dance to be held this evening under the auspices of the Navy League Chapter, I. O. D. E., and the affair promises to be one of the prettiest and most popular ever given by this energetic Chapter. A particularly attractive programme of music has been arranged and will be furnished by Heaton's orchestra. Dancing will be from 9 o'clock till 2 p.m. Catering is in the hands of a capable committee and every provision has been made to conduce to the comfort and enjoyment of patrons.

The Navy League Chapter has been carrying on a splendid though not spectacular work for naval men and their dependents throughout the war, and the members are still continuing their efforts for the sailor and for sailors' widows and children. At Christmas they will again hold the annual entertainment for sailors' children which has been a feature of their work for the past few years—a treat to which the kiddies look forward with keen anticipation. It is for the purpose of raising funds for this work that to-night's affair is being held.

Wibbles: "Scribbler doesn't write any of those mother-in-law jokes nowadays, I notice."

Wabbles: "No—not since his marriage."

Wibbles: "Why, I wonder?"

Wabbles: "Says he's found out by actual experience that a mother-in-law is no joke."

The importance of the temporary teeth and their condition, to the second—and permanent—teeth and their condition, was emphasized. Neglect of a single temporary molar might derange and mar the whole mouth, injure the powers of mastication and the child's health through being responsible for bad placing of the other teeth and consequent decay of the walls, cavities, pockets holding fermenting food, and general uncleanness.

Lantern slides also graphically illustrated the story of "Care of a Child's Teeth," as told by Dr. Tanner.

The importance of the temporary teeth and their condition, to the second—and permanent—teeth and their condition, was emphasized. Neglect of a single temporary molar might derange and mar the whole mouth, injure the powers of mastication and the child's health through being responsible for bad placing of the other teeth and consequent decay of the walls, cavities, pockets holding fermenting food, and general uncleanness.

"Don't leave the cleaning of teeth to the child of six or seven, or even the child of ten," urged Dr. Tanner.

Earlier in the evening a short address was given by Mrs. Chalmers of Thrum, who spoke on the part women were playing in agricultural production and mixed farming. Women in her district and elsewhere playing a big part in bettering living conditions by increasing the production of good food.

Mrs. McGregor and Mrs. McFadden enlivened the proceedings with recitations, and were warmly applauded.

On Health Insurance, Dr. Raynor was another speaker.

BUY A VICTORY BOND TO-DAY

JAMESON'S

CONFERENCE HEARS SEVERAL SPEAKERS

Women's Institutes Listen to Interesting Addresses on Various Matters

At the afternoon session yesterday Dr. H. E. Young spoke to the Vancouver Island conference of Women's Institutes on "The Relation of the Institute to Public Health." Dr. Young reminded the conference that women could do a great deal in their various districts to help spread the religion of precautionary methods for the promotion of health. The best laws that man could make might be placed on the statute books, but it was a slow matter to get the people educated into carrying them out. The Institute members could help greatly in promoting matters of public health and community well-being.

Speaking of the character of the nurse required for rural work and public health centres, Dr. Young said that the "door-step" nurse, the specialist, must take second place to the all-round nurse who could tell the mother how to care for her sick child, who could help the expectant mother and who could bring into the rural home suggestions, practical and sympathetic, for the amelioration of the conditions.

Public Health Centre. Dr. Young said: "In the establishment of the public health centres which we propose introducing throughout British Columbia we intend to have two or three nurses, trained along the lines indicated, practical, sympathetic, thoroughly imbued with the importance of their work; women who will visit the people with that understanding of human nature that is brought about by a thorough knowledge of her own subject, nursing, and a tactful knowledge of how to apply it."

The speaker said that the public health centre should be regarded as a kind of "clearing station," where the serious cases might be detected and sent to hospital. Such a health centre should become the place where the people of the whole community would go for advice in all their troubles. As far as the child was concerned it would be up to the nurse, when the doctor had sent the school boy or girl home for any illness, to go to the parents and follow the case up, seeing that the physician's instructions were carried out.

"If this system had been in practice thirty years ago thirty per cent. of our men would not have had to be rejected as unfit for the army," said Dr. Young.

During the last few years the women had advanced to the responsibility of the ballot. The vote was not an ornament. It was an instrument for enforcing their wishes. Governments under a Democratic system, were just what the people made them. If certain laws that the women wanted placed on the statute books were not there then it was the fault of the women.

If you are going to let the future generation show the same percentage of defects as were found in the examination of the Canadian recruits for the war then you will have yourselves to blame alone," reminded the speaker.

Having just returned a few days ago from the big health conference at Ottawa Dr. Young was able to report that the Department of Health had been requested by resolution passed at that meeting to institute investigation into child welfare under the following heads: (1), prenatal care; (2), infant feeding; (3), hospital and home treatment of maternity cases; (4), extension of public health services; (5), institutional care and its effect on child life; (6), factory life and its effect on maternity cases; (7), employment most injurious to pregnant and nursing mothers; (8), methods of securing co-operation of the societies and general public.

Dr. Young said that statistics showed that in Canada the average mortality per annum was 100 per thousand as against 50 per thousand in New Zealand, the country which had the best health record in the world to-day.

Moving Pictures. Motion pictures of an educational character were furnished by Dr. Young at last night's session illustrating two important lessons, the necessity for infant welfare education and that mother's milk is best for the baby.

Lantern slides also graphically illustrated the story of "Care of a Child's Teeth," as told by Dr. Tanner.

The importance of the temporary teeth and their condition, to the second—and permanent—teeth and their condition, was emphasized. Neglect of a single temporary molar might derange and mar the whole mouth, injure the powers of mastication and the child's health through being responsible for bad placing of the other teeth and consequent decay of the walls, cavities, pockets holding fermenting food, and general uncleanness.

"Don't leave the cleaning of teeth to the child of six or seven, or even the child of ten," urged Dr. Tanner.

Earlier in the evening a short address was given by Mrs. Chalmers of Thrum, who spoke on the part women were playing in agricultural production and mixed farming. Women in her district and elsewhere playing a big part in bettering living conditions by increasing the production of good food.

Formerly Clingston's

"Optical Authorities of the West"

Head Office Winnipeg, Man.

He dealt with "State Health Insurance."

Quoting statistics showing the death rate of the Dominion the speaker indicated that a total of 40,000 of the 100,000 deaths which occurred in the year 1913 were preventable. Instead of conserving her own people to make up this loss the country was importing many of the riff-raff of Europe. His scheme of health insurance was explained, and some of the advantages were categorized; the wage earner would be protected when most needed; the worry factor, which in itself retarded recovery, would be eliminated; the family would be kept together; self-respect would be promoted; the doctor, assured of his pay, would give the requisite attention to the cases under his care; employer and employee would be brought closer together; there would be eliminated, to a large extent, the evil of the patient-medicine agent and the quack; infant mortality would be cut down; and scientific examination would be placed within reach of the poor as well as the rich.

Simple Home Method Easily Erases Wrinkles

Thousands have reported great success with the famous axolotl wrinkle-removing formula. One ounce of pure powdered axolotl is dissolved in a half pint of witch hazel and the solution used as a face wash. The effect is almost magical. The deepest wrinkles and crow's feet, as well as the finest lines—whether due to age, illness, weather or worry—are immediately affected. No one need hesitate to try this simple lotion, as it will not harm any skin. Any druggist of course can supply the ingredients. When you have that tired, careworn look and you want to freshen up for the afternoon or evening, bathing the face with the axolotl lotion will produce a wonderful transformation. You will find this more refreshing than an hour's rest.

Wonderful Values in Velour and Beaver Hats

The values we present in these modish beaver and velour hats you will find it exceedingly difficult to duplicate in any store in the country to-day. For the most part they are dainty banded shapes in black, nigger brown, navy, victory red, purple, pink, Copen, and taupe. Sailors, small brim tams, tricootines and quaint little roll brim effect are prominent. Qualities are exceptional for such low price markings.

Exclusive Pattern Hats—one of a kind—are presented in wonderful array. Values excellent at \$9.75 to \$13.50

FAMOUS CITIZENS VISIT "GERMAN" LOAN TRENCHES

Col. Peck Tells Salesman to
Fill in Amount on Blank
Cheque

Three Canadians of national reputation have visited the German trenches at the corner of Fort and Government Streets during the last two days. Not one of the three went away without purchasing one of the Victory Bonds on sale.

First of all Col. Cyrus Peck, V.C., D.S.O., M.P., who was tackled by one of the trench bond salesmen who also was a former member of the Colonel's battalion. Without a murmur the famous soldier filled in a bond application and a cheque, leaving the amount in blank.

"Use your own good judgment in deciding how many bonds I buy," said the Colonel.

The salesman did. Premier Oliver inspected the Trench yesterday, and showed his approval and appreciation of the efforts of the boys under Sergt.-Major Hillierby, by buying a Victory Bond.

General Sir Arthur Currie renewed his acquaintance with trenches at the request of a private soldier who accompanied him, and the General willingly agreed to subscribe for one of the Victory Bonds which will help pay the war bills of Canada.

General Clark wishes to request members of the various soldier organizations to place their subscriptions with the organizations to which they belong, and to influence their friends in the same direction, because there is a friendly rivalry going on, with the Prince of Wales' Flag as the trophy. The Army and Navy Association is in the lead, with the Comrades a close second.

TO SEEK DECISION ON HOUSING SCHEME

Soldiers to Appear Before
Aldermen Friday; Alderman
Harvey Wants Action

Efforts to bring about a "show down" as regards the City Council's attitude towards the housing scheme for returned soldiers, are to be made by a number of parties concerned at a special meeting of the aldermen Friday afternoon in the council chamber.

Major J. W. Clark, who is championing the cause of the returned soldiers in this city who want to take advantage of the Government's scheme to assist them in building their own homes, will appear before the aldermen on Friday. Mayor Porter announced to-day. He will be supported by a number of other returned men.

At this meeting, the Mayor said, he expects that Alderman Patrick's committee which has been investigating the soldiers' housing situation, will make its report. This committee has been at work for some time and the Mayor believes that they have had ample time to complete their work although they have been delayed through the illness of individual members of the committee.

Alderman John Harvey announced to-day that he is going to make strenuous endeavors on Friday to force the aldermen to some definite action on the housing scheme.

"We have got to adopt it, that is all there is to it," he said.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons
from stomach, liver and
bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for its use are on each bottle. Give it without fear.

Mother! You must say "California." Charged With Assault — Joe Suey Wah, charged with assaulting Joe Kwong Fun, and Joe Kai Yip, charged with the same offence, were both allowed out on bail in the sum of \$100 this morning and Magistrate Jay remanded them for hearing until tomorrow, when the cases were called in the police court.

THIS special display should induce many women to fill their Corset requirements without delay. The models featured are all of well-known and reliable makes, designed according to the newest modes and are in such a variety of styles that will meet each individual requirement. See the windows.

At \$1.75—Included are low, medium and high bust models, with plain or elastic tops. Well made and boned, in coutil or batiste. Sizes 19 to 30.

At \$2.50—Low and medium bust models in white or pink coutil. Some have all round elastic tops, others plain tops with elastic gores in the skirt.

At \$3.50—Made of extra heavy or medium weight coutil in white or flesh. Several good styles are shown, including some with double skirts. Low, medium and high bust styles; 19 to 31.

CHINESE CASE GOES TO A HIGHER COURT

Preliminary Hearing in Diamond Robbery Case Concluded This Morning

Committed for trial on the charge of receiving stolen goods to the value of nearly \$4,000, composed mostly of diamond jewellery, Chew Ching, the Chinese servant of the Alexanders, who, it is alleged received the goods from Wah Bo, will probably come up for election before Judge Lampman immediately.

In the Police Court this morning Magistrate Jay said he would commit accused for trial, and Mrs. Alexander and Seto Wah Bo were bound over as witnesses.

There was nothing of great interest developed when the hearing was resumed this morning, except that when Mrs. Alexander was on the stand, D. S. Tait brought out evidence to the effect that on the night of the robbery witness had been called to room twelve of her rooming house, where she found Chew Ching and he made inquiry as to the whereabouts of a Mrs. Gee, a white woman, who, witness said, was a friend of hers and who had left her premises on the night of the robbery.

Seto Wah Bo, when on the stand, claimed that he knew absolutely nothing regarding the present whereabouts of the jewellery. In answer to Mr. Harrison, Wah Bo said that when the interpreter Gee Koi had visited him in his cell, the latter had advised him to deny all knowledge of the robbery and to elect for hearing by a higher court.

Detective Macdonald told of making the arrests of Chew Ching and Seto Wah Bo, the latter having turned King's evidence and admitting that he took the jewellery and handed it over to Chew Ching and another Chinaman who has not yet been located.

MORE CONGRATULATE NEW MINISTER

Telegrams and Messages
Continue to Arrive From All
Parts of Country

Congratulatory telegrams continued to-day to pour in to the Hon. S. F. Tolmie, Minister of Agriculture, who was re-elected at the Federal by-election here Monday.

Just before noon a telegram came from the Hon. Newton Wesley Rowell, a member of the Borden Cabinet, and one in French from

Archibald Girdale, a politician in Quebec.

"Congratulations; when will you be in Toronto?" telegraphed George Pepper, head of the committee of the National Stockbreeders' Show at Toronto. George Day, secretary of the Shorthorn Breeders' Association, also telegraphed.

One of the congratulatory letters that Dr. Tolmie most valued came from his old employees in the Health of Animals branch. The Retail Merchants' Association of Victoria also sent their felicitations.

Sir Robert Borden, Prime Minister of Canada, who is now recuperating in Virginia, late yesterday telegraphed his congratulations to his newly confirmed Minister.

Telegrams from a number of other persons in public life besides those published yesterday came in during the evening. Among these were telegrams from Mrs. McQuarrie, of New Westminster, the Canadian Army Veterinary Association, and Mr. Walker, of the Vancouver Milling Company.

TO DECIDE WHETHER B. C. HEADQUARTERS WILL REMAIN HERE

Situation Being Placed Before
Minister of Militia Now in
Victoria

Final decision as to the permanent location of the headquarters of Military District No. 11 is expected from Major-General Mewburn, Minister of Militia and Defence, who is in Victoria to-day.

Vancouver interests are pulling hard for the transfer of the headquarters from this city to the Mainland. The headquarters have remained here during the whole of the war as Victoria has always been the military centre of the Province.

When the headquarters were transferred from the Belmont House to the New Armory last June it was announced that the change was made without prejudice to the future location of the headquarters.

The reasons for retaining the headquarters at Victoria were placed before General Sir Arthur Currie, Inspector-General of the Canadian forces to-day and he is to take up the question with General Mewburn.

General Mewburn went out in the

MAJOR-GENERAL MEWBURN
Minister of Militia and Defence.

country to-day but to-morrow the whole situation is to be placed before him by the Hon. S. F. Tolmie, Minister of Agriculture, Victoria's representative in the Federal cabinet. This is the first item of work of great importance in the interests of Victoria that Dr. Tolmie has taken up since his re-election here two days ago.

While General Mewburn is here, it is expected that he will come to some decision as to the future command of Military District No. 11, in view of the fact that Major-General R. G. Edwards Leckie is anxious to relinquish the office to resume his civilian professional work.

General Mewburn will remain on the Coast for more than a week.

COMING GYPSY SMITH

VICTORIA IS ONE OF FOUR Canadian cities to have this "UNCROWNED PRINCE OF PREACHERS" for a series of meetings. Beginning

THURSDAY, Oct. 30

he will speak every night (except Saturdays) at 8 o'clock in

NEW DRILL HALL

Commencing **FRIDAY, OCT. 31**, he will address afternoon meetings in **ST. ANDREW'S PRESBYTERIAN CHURCH** at 3 o'clock.

ROYAL VICTORIA

"Upstairs," a comedy by Perley Poore Sheean, is the new Mabel Normand Goldwyn Picture which will be the attraction at the Royal Victoria Theatre again to-night and for the last time to-morrow.

It presents the simple tale of a girl worker in a big hotel, who more than made good. The little comedienne, as Elsie MacFarland, always wants to see the fairyland upstairs. She is given the chance when a young millionaire, after seeing her pecking through a doorway, secures the uniform of a bell-boy, and visits her in the basement where she works.

There are a million laughs and a thousand giggles in the five reels. She is mistaken for a runaway girl who is about to marry a crook, because the bell-boy brought her the runaway

Pantages—Vaudeville.

Royal Victoria—Mabel Normand in "Upstairs."

Domination—Marguerite Clark in "Girls."

Variety—John Barrymore in "Raffles."

Columbia—Bessie Barriscale in "A Trick of Fate."

Romano—Margarita Fisher in "The Tiger Lily."

girl's dress, instead of taking it out to be cleaned. While mixing with "upstairs," in the borrowed finery, she is trailed by detectives, escapes, fights the crook when he finds her after following her as his fiancée because of the dress she wears.
Altogether she has a great time. The father of the eloping miss offers \$5,000 reward, and is about to pay it to the little hotel girl who saved her. Instead of the bungling sleuth, she is given the cheque, and turns, elated, to her uniformed friend, offering to set him up in business to repay him for allowing her to see the mystic upstairs. He then tells her of his love, pictures for her his big house, servants, luxury, and of course, she accepts.
The production is full of clean, youthful comedy, and is well directed, well played, and well presented. The cast includes noted actors, among them being Cullen Landis, Hallam Cooley and Edwin Stevens.

DOMINION

Dainty charming Marguerite Clark plays the role of a little man hater in "Girls," her latest Paramount vehicle, from the Morocco studios in Hollywood, California. This is rather an unusual characterization for the diminutive star, but with her usual aptitude she portrays the little girl who thought that because one man jilted her in her younger days, she should hold a hatred against all men in general. How her crusade against the masculine gender was finally shattered by the combined forces of Cupid and a certain young man who would not be squealed makes an unusually acceptable offering, full of laughable situations and containing an interesting plot. "Girls" was produced from the play of this same name by Clyde Fitch, and chief among Miss Clark's supporting players in the cast are Mary Warren, Helene Chadwick, Harrison Ford, Lee Hill, Thomas D. Perse, Virginia Politz, Tom Rickette and Clarisse Selzn.

PRINCESS

On Friday evening R. N. Hincks will present that delightful comedy, "Billy's Little Love Affair," at the Princess Theatre. Miss Eva Hart, in the title role, has a part which will afford many splendid opportunities for this talented lady to display her histrionic talent. Miss Hart will be supported by Captain Hendy and a most excellent company, who will present this charming comedy in a manner that will be beyond criticism. A huge success is predicted and crowded houses are sure to attend each performance of one of the cleverest and wittiest plays that has ever been written.

BOVRIL makes other foods nourish you more

BOVRIL

The foundation of good Cookery

WHEN you flavour a dish with Bovril you are not merely making that dish more tempting and enjoyable—you are scientifically increasing its food value. Every one who partakes of it will benefit twice over: first, by taking the Bovril itself; next, by the additional nourishment which Bovril enables them to derive from their

meat, fish, soup, vegetables or bread.
This power of making other foods more nourishing gives Bovril so unique a dietetic value that there can nowadays be no really scientific cookery without Bovril. It should be served at least once a day in every home, either by itself or in meat dishes, soups or gravy.

The Body-building Power of Bovril has been proved by independent scientific experiments to be from 10 to 20 times the amount of Bovril taken.

ROMANO

It's tough to be so tiny that you don't even reach as high as your sweetheart's lips, isn't it? Especially when he's so very tall that he can't be expected to bend his proud back ALL of the time! That was one of Carmina's problems—one of the simpler ones, however. When you see pretty, vivacious Margarita Fisher at the Romano for the last time to-day in "The Tiger Lily," watch to see how she manages to overcome her handicap in the matter of inches and to come in for her share of kisses. She had plenty of other problems—big, dangerous problems like that of keeping herself free from the vindictive Italian to whom her uncle had bargained her off as a wife; of conquering with her charm and goodness, the rich parents of the American to whom she had given her heart in keeping; of spoiling a perfectly good vendetta directed against the parents of the Italian suitor whose brother they had grievously wronged—at least, according to the Italian idea of personal wrong.

VARIETY

From the opening subtitle, which in itself is an innovation, to the final fade-out, there is not a single dull moment in the presentation of "The Amateur Crackman," in which John Barrymore is starred at the Variety this week. The character of A. J. Raffles is an admirable vehicle for Barrymore, whose portrayal of the crook leaves nothing to be desired. To those familiar with the original stories, by E. W. Hornung, it will be recalled that they comprised various episodes in the daily life of the man who baffled the great detectives of Scotland Yard and the criminologists of Paris, but in arranging the photoplay production two of the most important and thrilling events have been combined in one story, and while they retain the characters and

PANTAGES

Theatregoers have something to talk about this week at the Pantages, where Tarzan, billed as "the cleverest ape in the world," is seen in a variety of astonishing feats of mind and manual dexterity. Tarzan's trainer, Felix Patty, has his worries in keeping his "partner" out of trouble on more than one occasion at every performance. The remarkable animal makes his entrance on the stage in full evening dress and immediately lights a cigar and apparently enjoys his smoke. Thereafter he busies himself with an exhibition of club swinging and bollywood stunts. But the fun starts with a rush when the "ape" dons the boxing gloves and gives his trainer a severe mauling. The audience simply goes wild with hilarity over the antics of the "monk."
There are five other clever acts

WAS CHOSEN ON NATIONAL COUNCIL

Principal Charlesworth is Back From Winnipeg Educational Gathering

Principal Harry Charlesworth, of the George Jay School, who represented the British Columbia Teachers' Federation at the meeting of the National Educational Conference in Winnipeg, has returned to the city.

Mr. Charlesworth had the distinction of being chosen to be one of the five members from British Columbia to the National Council, which includes men of outstanding merit in the Dominion.

To The Times this morning Mr. Charlesworth gave the following summary of the great meeting, which was more successful than even its most sanguine supporters had hoped. Over 1,200 delegates were present, drawn from all the provinces, and representing all shades of opinion.

He says:

"The addresses reached a very high standard, and contained much information of intense value to the cause of education. They were largely attended by the general public. I was appointed a member of the Organization Committee, consisting of twenty-three members under the chairmanship of Sir Robert Falconer, President of Toronto University, and to this committee was entrusted the task of deciding how the work of the conference should be perpetuated.

"After much deliberation this Committee recommended the formation of a National Council of Education to consist of thirty-six members—four from each province—to be elected by the conference at large, and these thirty-six to be empowered to add fourteen members to its numbers to make a Council of Fifty. This report was adopted by the conference.

"At the conclusion of the conference, the National Council was summoned to meet, and after two long sessions the complete Council was formed. The work of completion was carefully done, and it was so arranged that prominent professional educators, business men, representatives of labor, representatives of women's organizations, agriculturists, and experts on particular problems of education, such as the foreign immigrants in our midst—were all represented, while the representation from each province was kept as proportionate as possible."

Phone 2477 Marinello for Chiropractic, electrolysis, facials (nine different kinds), marcelling, scalp treatments, children's hair cutting, girls' and boys' \$10 Seward Bldg.

WINNIPEG FLOODED WITH AMATEUR CLUBS

Limited Rink Accommodation is Now Troubling Amateurs

Winnipeg, Oct. 23.—Although not making much noise to date, local hockey leaders have been working hard to whip matters into shape for conducting the game in Manitoba during the coming season. With the revival of three old senior clubs, Vics, Winnipeg and Falcons, and the limited rink accommodation, the work of solving the playing problem is a huge one. All leaders of amateur hockey in Manitoba are

anxious that these three clubs, along with Monarchs, Selkirk and Brandon, comprise the senior league, but the big puzzle is to devise a harmonious manner of doing so.

Prior to the war the Winnipeg Senior Hockey League, consisting of Vics, Winnipeg and Monarchs, held sway in Manitoba. These clubs played a series of twelve games which were about all the first-class contests staged in Winnipeg in a winter. Last winter a change was made necessary, owing to four senior teams being in line—Brandon, Selkirk, Monarchs and Argos composing the Manitoba league. This make-up made eighteen games fourteen being staged in Winnipeg.

In order to accommodate the six clubs, thirty games will be required, with twenty-five scheduled for Winnipeg ices. This is where the big obstacle arises, as this is more than double the number of games played in pre-war days. This extensive programme only provides for teams meeting each other twice through-

THE VERY LATEST WORD

In clothes style is found in our new Fall suits and top coats. They represent in the highest degree the ideas of first class clothing experts and skilful tailors. Take a look at these suits and coats. They are so smart in appearance and are so low in price that you will surely decide that to wait any longer to purchase your Fall clothes would be foolish.

VICTORIA NORTHWEST AND THE WORLD

Patrick Signs Oatman to Lead Aristocrats Again This Season

Frank Patrick and Muldoon Have Also Landed Players Ready for Opening of Pacific Coast Tilt

Lester Patrick has signed the first Aristocrat ready for the opening of the Pacific Coast hockey tilt. Eddie Oatman, who has made Victoria his home since he joined the Victoria squad, was in the manager's office this morning and came to final arrangements. Last year's captain will again act as the pivot man for the black and gold septette, and the fans who saw Eddie in action last year will rejoice at the news. Being one of the many victims of the "flu" last year, Eddie was not able to show his best. Usually he is not a spectacular player and is a consistent puck-chaser throughout the year. Last year the local cap was only able to give samples of his form. The "flu" laid him out twice during the season, but in spite of that fact he proved his ability.

EDDIE OATMAN.

Having worked at the shipyards all the summer Oatman is as hard as nails and looks it. "The sooner we get the blades on and get into action," he says, "the better I will like it." He is twenty-seven years of age, and the records of the stars show that Eddie has years of good hockey before him as he has behind him. He captained the Portland team when they won the championship in 1915-16 and played with the Toronto sportsmen's battalion. No one will doubt the Aristocrats' manager's judgment in picking players, "and I am tickled to death in securing a man of Oatman's calibre as the first man to put on the pay roll," he says.

Contracts Mailed.

Contracts have been mailed to last year's players and Lester is also after a couple of new men to round out the team. In view of the fact that Dick Irvin, whom Lester had hoped to secure, has decided to play amateur, although latest advices from Calgary lead to the opinion that the "new amateurs" are liable to be asking for a place in coast septette during the next three weeks, the Victoria manager is determined to secure a puck-chaser of equal merit.

Early in November.

The rink is at present being overhauled so no definite date can be made for the opening, but it is expected that skaters will get their chance the early part of November. The Vancouver and Seattle clubs are well advanced with their arrangements.

The Metropolitans.

Pete Muldoon, Seattle manager, stated that he had shipped the signing papers to the members of the Metropolitans, who will be with the team this winter.

That "Happy" Holmes will return as goalie this season was another announcement of the Seattle manager. Holmes, it was rumored, had played his last hockey game, and the fans had just about given him up. The news that he will be back in harness will please the local puck followers.

Jim Riley, the young heavyweight, who developed from a substitute into a star while with the Seattle club,

will return this season, after a sojourn in the Canadian army. Riley saw service in France, but has been given his discharge and will be back on the line again. Frank Foyston, Jack Walker, Bobby Rowe and "Muzz" Murray will all be back, as well. Muldoon is after a couple of amateur stars, who, if he succeeds in obtaining their services, will make his team a real contender again.

Wilson Will Be Missing.

"Cully" Wilson will be missing on the local lineup this winter. Muldoon hinted Saturday that the scrappy little forward was not anxious to play the ice game, owing to the fact that his family objected, and Wilson has not been sent a contract.

The Millionaires.

From Vancouver comes word that a trio of Eastern hockey stars will make their debut in Pacific coast hockey this season as members of the Vancouver Millionaires, announcement of the signing up of the puck-chasers, the first to affix their signatures to Coast League contracts being made to-day by Frank A. Patrick, president of the Pacific Coast Hockey Association and manager of the Vancouver club. Alf Skinner, Jack Adams and Bill Adams, all former members of the Toronto, champions of the world in 1918, are the players who will follow Horace Greeley's advice and come West. The deal for their services was closed a few days ago and the signed contracts have been received and are tucked away in the big strong box at local hockey headquarters.

The acquisition of the Skinner-Adams combination will add a lot of strength to the local squad. Skinner, a second Mickey Mackay, was heralded as one of the sensations of the Stanley Cup series between Vancouver and Toronto in the East two seasons ago, and he will fill the big shoes in the game. Skinner, the Adams brothers were stars in amateur company around Port Arthur before graduating to the professional ranks and they starred in many Allan Cup tilts in pre-war days. Both boys enlisted at the outbreak of war and Bill managed to get overseas.

Alf Skinner has had three years' experience in the professional ranks as a member of the Toronto club. He is a youngster, one of the fastest skaters in the game and a pretty stick handler. He is a right-hander, and shoots from the starboard side. In backchecking he has no superior and few equals, in the opinion of Frank Patrick, who watched him closely in the 1918 world's series. Just how good Skinner is when it comes to scoring is indicated in the scoring figures of the cup matches between Vancouver and Toronto in the spring of 1918. Taylor headed the goal-getters with nine in five matches, while Skinner was second with eight. In that series Vancouver collected twenty-one goals and Toronto eighteen, and these players, who will partner one another on the Millionaires this season, grabbed seventeen of the goals in the big series.

Officials of the P. C. H. A. will gather in Vancouver early next month for their annual session. No radical changes are contemplated in the rules this season. In fact, President Patrick does not think there will be any. The schedule will be practically the same as last season, with ten home matches for each city, the season opening about New Year's Day and continuing until March, when the coast winners will go East for the Stanley cup series. At the finish of the regular P. C. H. A. schedule the teams standing first and second will play a series of two matches, as in the past, for the championship.

MEET TO-NIGHT TO SET BASKETBALL DATES

A meeting will be held at the Y. M. C. A. to-night at 7.30 to arrange for a Sunday School Basketball League, the two delegates that have been appointed from each of the churches to attend the meeting being especially requested to be on hand so that no delay in proceeding with the arrangements for the season will be necessary. W. W. Duncan believes that a successful league will be organized and that a revival of the league which developed so many of the best basketball men of the city is assured.

CAMBRIDGESHIRE STAKES

Newmarket, Eng., Oct. 29.—The Cambridgeshire Stakes run here to-day was won by Roschid's Brigand. Lord d'Abernon's Diadem was second and My Dear, owned by A. W. Cox, was third. Eighteen horses ran.

KID REGAN WON.

St. Louis, Mo., Oct. 28.—Kid Regan, local bantamweight, won the newspaper decision over Jack Sharkey of New York in an 8-round bout last night.

SIBBY NICHOLS HOME

SIBBY NICHOLS.

After serving in various parts of the world during the war Sissy Nichols, well known in hockey and lacrosse circles is back on the coast. Sissy served on the Empress of Asia when it was being used as an auxiliary cruiser with the British Navy, and later joined up with the 68th Battery. He is now in Vancouver and in good shape to get back into the two games in which he used to be an expert.

HERMAN AND MOORE TO MEET FOR TITLE

New Orleans, Oct. 28.—Pete Herman, of New Orleans, bantamweight champion, and Pat Moore, of Memphis, will meet in a 20-round bout for the title here December 15. Dominick Tortorich, a local promoter, announced to-night. Both boxers, it was said, had agreed to the proposed bout.

ARMY HEAVYWEIGHT WINS FIRST PRO. BOUT

Akron, O., Oct. 28.—Bob Martin, of Akron, heavyweight champion of the American Expeditionary and Allied Forces, won his first professional bout when he won from Joe Bonds of New York at the end of the tenth round of a scheduled 15-round contest last night when the referee stopped the bout.

Martin administered severe punishment to his opponent from the start, knocking him down in the sixth round for a count of three. At the end of the eighth round Bonds' seconds wanted to toss the sponge into the ring but he refused to quit.

FRAMER REFUSES TO MEET KING AT CALGARY

Calgary, Oct. 28.—The Calgary boxing commission has postponed the opening of the new arena, scheduled for November 7 on account of Frank Farmer, of Tacoma, refusing to meet Mickey King, noted Australian, over the 15-3-minute round route. An effort is being made to bring either Mike or Tommy Gibbons to meet King at a later date.

Picking 'em Up Around the Sport Camps

"Wanted a house near the centre of town or on the street car line," reads an advertisement. If someone is courting death what's the matter with joining the Bay's rugby squad. Just as interesting as living on a street car track.

"We're here because, we're here because we're here," ad infinitum the Fragments soccer eleven used to sing last year when they were annexing championships.

"Cully" Wilson will be absent from the Seattle puckchase this season. Pete Muldoon says Cully's family objects. Cully must have been making

a lot of money shipbuilding for Mrs. C. and the little soprano to object to swelling the family exchequer by the simoleons Cully demands to put on the steel blades for a season.

Sergeant-now secretary Rowley has to mark five men absent without leave and wonders if it is "Good-bye for Ever" the black and gold warriors will sing at the next league meeting.

The first aid the rugby men learned in the army was very useful. A player got a nasty crack in the head which bled profusely Saturday.

"Tie a tourniquet round his neck," yelled one of the experienced Canadian Army Medical veterans. All's well.

"Yes, if we had a few more forwards, a couple of spare three-quarters, and a few emergency men we should have a championship team," says Harry Boyd the V.I.A.A. rugby boss. Some people take a lot of pleasing. Has anyone an extra fifteen to lend an ex military cop from November 1, until they ring down the curtains on the oval ball game?

"I want twenty thousand to play next year," says Babe Ruth the home run wizard who considers he made a bad move when he signed a contract to play three seasons for thirty thousand.

When the Babe took a wife from

With the Soccer Men: Saturday's Games

The ordinary soccer fan will hardly realize the amount of work done each week off the field in preparation for the following Saturday's games.

Until 11:20 last night the delegates were busy at the meeting in the K. of C. Hall, and even then the complete business was not accomplished. The most important business, however, the arranging of Saturday's games was completed. The schedule was drawn up as follows for the senior league:

Comrades vs. Harbor Marine at Jubilee; Referee, Jones.
Foundation vs. K. of C. at Royal Athletic Park; Referee, Locke.
Yarrows vs. Great War Vets, upper

the vaudeville stage and that same wife, while Rube was living up to every letter of the name the fans have given him as an artist made the act a big success, one wonders whether that same little wife is not also a first class business manager. Incidentally Ruth will battle the H.C. of L. with his moving picture salary.

Having seen Ruth in vaudeville we don't expect to wait up all night to get in a theatre to see him in a film. "Then Hume Parsons engaged in a free fight in the centre of the ring and the police stepped in and stopped the melee" reads a Halifax dispatch. The police are always taking the joy out of life.

"My card, my card, my kingdom for an amateur card" reads the revised version of history according to a septette of local professionals.

"Happy" Holmes will guard the net again for the Mets this Pacific Coast Hockey tilt. Pete Muldoon announces. Could anyone believe that Happy would spend the winter warming the fire on the old homestead when there was an easy chance to gather in shekles doing something he would rather do than not.

The soccer fans are to pay tribute to one of the greatest of local Scotch sportsmen when they honor Arthur Manson, former president of the soccer league tomorrow.

With the Soccer Men: Saturday's Games

patch Beacon Hill; Referee, Payne.
North Wards vs. Wests at Central Park; Referee, Pearson.
Army and Navy a bye.

For the Intermediate League.
Army and Navy vs. Yarrows at Work Point; Referee, Oliver.
Metropolis vs. Saanich at Willows; Referee, Thomson.

Metropolis vs. Wests, lower pitch Beacon Hill; Referee, Stokes.
Allie McGregor has recovered from the injury to his foot which kept him out of last week's game, and will appear on the North Ward's half back line for the game against their old rivals, the Wests.

Several transfers have been made again, the K. of C. being in the fortunate position of finding it possible to release several men.

Swinburn leaves the Hut eleven to play for the Metropolis in the international league. W. Alcock has transferred from the Hut eleven to the Harbor Marine.

W. Erickson applied for a transfer from the K. of C. Hut to the Army and Navy squad, but the transfer has been laid over for a week.

Another transfer application which will be considered at the next league meeting is that of Stroyan, who seeks to desert the Army and Navy ranks for the G. W. V. A. eleven.

Singlehurst, a former Fragments player, will play for the Postal Service intermediate team, transferring from the A. and N. aggregation. Sandford was given a transfer from the A. and N. Intermediates to the Postal Service.

Ted Hawkes sought a transfer to two teams, the A. and N. and the Postal Service. Ted will have to lose a little sleep reducing his application by one-half before a transfer is put through.

Some of the teams who are after the intermediate trophy will not like the present ruling which says an intermediate player can be promoted to first class company by a vote at the league meeting if he is too good for the second division.

A notice of motion has been put to rescind that particular article of the constitution.

The communication from the Lower Island District of the B. C. F. A. regarding the unemployed game, Foundation vs. North Ward, was received. The meeting voted that it be read.

The matter was debated at length and the president refused to accept a motion that the games be played at some future date.

"Your president appears to have been ill advised in allowing himself to be forced into the position of settling a case which you had placed beyond his power," read a clause in the letter.

The matter is to be considered further.

MANY FIRMS WIN HONOR EMBLEMS IN LOAN DRIVE

Competition Is Warming Up; Long List of Hundred Per Cent. Investors

In the first two days of the Victory Loan drive in Victoria over twenty firms, offices and households secured honor emblems showing that they had made 100 per cent investments in bonds. The emblem competition, which was one of the big features of last year's drive is gradually warming up, as a spirit of friendly rivalry begins to grow among local merchants and business men. Every hour sees new firms added to the 100 per cent. list, and the officials at loan headquarters are kept busy supplying emblems.

The honor emblem competition is beginning to move along very nicely," said George G. Bushby, who "put over" the emblem drive last year, "and by the end of the week we expect the list to have assumed large proportions."

The family honor emblem bids fair to swamp the office, for the phone is already working overtime bringing

inquiries as to what is the necessary qualification. It is very simple, for when the whole family, always including the baby, has bought a bond apiece, up goes the honor emblem.

"In the case of the senior competition, there are grades of qualification, ranging from fifty per cent, to 100 per cent. in easy stages, and we expect to keep pretty lively recording promotions from one class to a higher one, as the employees of a firm come into line.

"This year, as was the case in the last campaign, employers are financing their employees, and why should they not? For an employer can borrow money from the bank for that purpose and the loan will not interfere with his ordinary line of credit.

"The first thing this morning the Dominion Insurance Company sent one of the boys down hot foot for an Honor Emblem, 100 per cent at that. The Dominion is the first insurance company to qualify.

Senior List.
Following are the 100 per cent. firms on the senior list:
October 27, 1919—General Clarke's headquarters staff, Pemberton Building; Mr. Bawden's recording office, Pemberton Building; Charley Oytang, 1414 Government Street; British American Bond Corporation, Ltd., 735 Fort Street; M. Leck, wholesale dry

goods, 537 Yates Street; Stewart's barber shop, 644 Fort Street.
October 28, 1919—Ames & Co. firm and staff, Belmont Building; New Republic Publishing Co., 633 Cormorant Street; Sam Loy, tailor, 1412 Government Street; Quon Wo On, merchant, 523 Fisguard Street; Yuen Lung, merchant, 547 Cormorant Street; Canada Bar, Johnson Street.

Junior List.
The junior list is as follows:
October 28, 1919—Alfred Petch and family, 1904 Davis Street; A. C. Flumerfelt's office, 721 Fort Street; Arthur Crew and family, 556 Swan Street; Chong Hing Yung and family, 623 Fisguard Street; Gonzales Observatory staff, Gonzales Observatory staff, Gonzales family; Capt. Geo. McGregor and family, 1302 Cloverdale Avenue; Mrs. Dora Rodgers and family, 2516 Government Street; Mrs. Doyle and family, 49 Erie Street.

FANCY SKATER WILL APPEAR IN VICTORIA
Calgary, Oct. 22.—J. A. Verne, Calgary's noted fancy and figure skater, to-day closed arrangements with Frank Patrick, Pacific coast hockey magnate, whereby Mr. Verne will give exhibitions in Vancouver, Victoria and Seattle during the winter.

THROWING SOME LIGHT ON THE QUESTION NO QUESTION ABOUT IT!

RETIRING FROM BUSINESS SALE NEWS

Final mark down prices started last week—store packed! Thousands of satisfied customers! Most of them will come again and again, for

MORRIN & THOMPSON'S RETIRING FROM BUSINESS SALE

is a marvelous MONEY-SAVING opportunity, and it will take days and days even of such great selling to distribute \$65,000 worth of matchless merchandise. Every article in this store is dependable.

EVERYTHING will be sold; nothing is held in reserve, and EVERY sale price is pared down to compel prompt selling—everything will be sold.

LADIES! You may never again have such a wonderful opportunity to replenish your wardrobe or homes with such exquisite laces, runners, scarfs, sheets, pillow cases, curtains and good blankets; and rich draperies, dress goods; serges, forty inches wide, \$1.75 (old stock); suiting voiles at such remarkably small sale prices; and, best of all, they are not new goods but old stock, imported mostly from England, which, for the time being, has ceased to send us any goods.

We have no trashy merchandise. Those who are judges of honest goods we invite, for they will appreciate quality merchandise.

We have heard occasional comments from some who might not appreciate the difference between high-grade merchandise and other kinds—that they had expected greater reductions. Even they will be gratified now when the second reduction sale commences.

In the shoe department you can buy men's Slater Oxford shoes that were made to sell for \$10.00 at \$4.90. Anybody who knows anything about leather knows that shoes are going higher. We give you fair notice shoes will be \$3.00 to \$5.00 higher for next season—but then we'll be gone.

THIS IS THE KIND OF SALE ONE LIKES TO WRITE ABOUT.

It's so real, so wholesome, so helpful all around. It's helping hundreds of men and women to save lots of money. And it's a kind of a sale that doesn't need a lot of bolstering up with printer's ink. None of the salespeople have to lie to sell goods or urge or argue. As one of 'em said:

"It's like working at a soda fountain. You give 'em what they want and they (the public) like it." Scientific salesmen aren't needed. At any rate, not so long as we can sell honest goods at a fourth to a half off.

EVERYTHING in the sale is sold on a money back plan. So you should worry.

As Safe As a Victory Bond

The money you invest in modern dentistry is as wisely spent as if you put it in Victory Bonds. You simply cannot help but profit by either investment. This modern dentistry—such as I practice—is the most nearly permanent form of dental attention you can get. It is just as permanent, just as good looking as your own unblemished natural teeth.

This strictly superior dental attention is remarkably moderate in price. If you will call at my office I will tell you more about this splendid investment.

ASIA LEAVES TO-MORROW

The C. P. O. S. liner Empress of Asia is expected to sail for Japanese and Chinese ports Thursday afternoon. She is carrying between 1,200 and 1,500 passengers. Included in the passengers are several hundred Chinese coolies en route from France to their native land. The passenger list includes a large number of returning missionaries, business men and tourists.

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Beecham's Pills

to relieve these symptoms by helping to remove the causes

NEW ZEALAND WILL PAY SECOND VISIT HERE NOVEMBER 8

Famous Battle Cruiser and Admiral Jellicoe Will Be Royally Entertained

Some time on November 8 the famous British battleship H. M. S. New Zealand, carrying the distinguished sailor, Admiral Viscount Jellicoe, will slip inside the heads of Esquimaux harbor and make fast to one of the big mooring buoys. This information was received in an official message this morning.

The New Zealand is carrying Admiral Jellicoe around the world on a very important mission. The famous sea-fighter has visited the Mediterranean, India, Australia, and is now at Honolulu, and is formulating a policy for the most efficient maintenance of the British fleet, to which policy the Dominion will more than likely be asked to make contributions.

Her First Visit.

In 1913 the New Zealand paid her first visit to Victoria, and at that time was in command of Capt. Lionel Halsey, now Rear-Admiral Sir Lionel Halsey, aide-de-camp to H. R. H. the Prince of Wales. At the time of that visit the New Zealand had never seen action. Shortly after her return to home waters the war was declared, and the New Zealand formed line with the greatest squadron of battle cruisers that the world has ever seen. At the Battle of Jutland the New Zealand's great 12-inch guns hurled a destructive fire at the fast retiring German formation.

Every effort is being made by local organization to provide a fitting reception and entertainment for the officers and crew of the New Zealand. Concerts, smokers and dances are being arranged. People will welcome once again the familiar sight of British bluejackets roaming the streets.

To Meet Jellicoe.

Major-General Newburn, Minister of Militia and Defence, and General Sir Arthur Currie will assist in the welcome to be tendered the famous admiral.

After spending three days here the New Zealand will proceed to Vancouver, where her officers and crew will be feted. It is understood that later Admiral Jellicoe will go on a tour of the coast as far north as Prince Rupert to inspect bases. Then the admiral will go to Ottawa, where a conference will be held to discuss broad questions of empire defence. Several experts will come from London to join the conference in the capital.

In his report to the Australian government upon defence in the Pacific, Lord Jellicoe says that a fleet of light cruisers should be based on Vancouver or Victoria or some other suitable port on the Pacific to protect trade routes to Australia and the Orient. He points out that during the late war the empire was greatly dependent upon Japan and the United States for protection in the Pacific.

For the Atlantic, Lord Jellicoe told the Australians he would recommend a substantial Canadian fleet. He estimates that Canada's naval defence expenditure under his scheme would be about \$45,000,000 annually.

STEAMER AT HONOLULU IN LEAKING CONDITION

San Francisco, Oct. 28.—Short of provisions and leaking, the steamer S. N. Castle, en route from Apia, Samoa, to San Francisco, put into Honolulu yesterday, according to advice received here by the marine department of the Chamber of Commerce. The vessel left Apia August 31 loaded with copra. The vessel is owned by the Alaska Coal Fish Company, of this city, and is under charter to the Balfour-Guthrie Company, also of this city.

NEWINGTON LEAVING

The lighthouse tender Newington is leaving to-morrow for Egg Island to carry out some construction work.

FIRST WHALERS ARE BACK FROM BIG HUNT

Brown, Green and Orion Return From Rose Harbor With Big Catches

Having completed a fairly successful season the whaling steamer Brown, Green and Orion arrived in port yesterday afternoon and are now tied up at the Point Ellice docks, where they will berth for the winter. These steamers have been operating throughout the summer from the station at Rose Harbor, on the Queen Charlotte Islands.

Between them the whalers captured about 160 mammals during the season. At the outset they met with unfavorable weather, but as the summer progressed the weather moderated and the whales came in shore. Late in the season again became adverse to successful whaling and it was decided to cease operations.

Other Stations Running.

There is no likelihood of the other stations closing down for a short time. The weather off Naden Harbor and Kyquoot still remains fair and as long as it does so the whalers will continue to cruise about bagging mammals. The whalers are anxious to make up for the bad start they made. For several months at the opening of the season the bad weather made the catches very small.

Three whalers are operating out of Kyquoot and two are connected with the Naden Harbor station.

NEW DOLLAR SHIP COMING TO COAST

M. S. Dollar Purchased From War Ministry Taking Coolies to China

Vancouver, Oct. 28.—The Canadian Robert Dollar Company announces the receipt of the big new freighter M. S. Dollar, formerly the War King. The M. S. Dollar was purchased last summer from the British Ministry and was kept in service by that body until recently. The Canadian company received the vessel on October 27. She is a 15,000-deadweight-ton standard-built steel ship. She loads coolies at Havre for Tsingtau, China, and when come on the regular route established by the company from Vancouver to the Orient. She will reach here about the first of the year.

EIGHT LIVES LOST WHEN BARGE SINKS

Rochester, N. Y., Oct. 28.—The finding at daybreak to-day of two bodies on the shore of Lake Ontario, wearing life-preservers bearing the name of the steam barge Homer Warren, of Toronto, revealed the total loss of that vessel with her crew of eight. The shore was strewn with wreckage.

The Warren, in charge of Captain Scallor, of Toronto, left Oswego, homeward bound, yesterday morning with 500 tons of coal. She was last seen off Putneyville, thirty-five miles east of here, at 11 a. m. yesterday, while the gale was raging furiously. She is believed, therefore, to have gone down during the night. The bodies found have not been identified. The names of the crew are not known. The Warren belonged to the Milne Company, of Toronto.

Alice Cooke, for Port Ludlow, in tow of tug Richard Holyoke; str. Cathlamet, for a trial trip; str. Alaska, for Tacoma.

MONTEAGLE DUE TO LEAVE SIBERIA TO-DAY

The C. P. O. S. liner Montangle is due to leave Vladivostok to-day and will arrive here about November 12. It is not thought that she will be able to make the run by Armistice Day. The ship brings 900 Imperial troops.

NOTICE TO MARINERS.

The lights on San Jose and Amphitrite Points are reported out of operation and will be overhauled as soon as possible.

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

Dr. Chase's Nerve Food, 50 cents a box for 25¢, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

MATCHES IN FREIGHT WERE CAUSE OF FIRE

Decks of Prince Rupert Became Very Hot as Result of Blaze in Hold

Matches which had been placed in a case of settlers' effects were responsible for the fire in the cargo of the G.T.P. steamer Prince Rupert on her last northbound trip. Captain Duncan McKenzie, master of the ship, which arrived in port on time this morning, states that on examination it was found that the matches had become ignited in some manner and started a fire which burned a hole through the box and started the other cargo.

The Prince Rupert was about an hour and a half out from Vancouver when smoke was discovered coming out of No. 1 hold. Captain McKenzie immediately investigated. The steel plates of the deck were extremely hot and it was decided immediately to flood the hold. The Rupert's nose was turned about and she returned to Vancouver and discharged her cargo.

By cutting down the stay at Prince Rupert and Anxox and steaming a little faster than the ordinary rate of speed the Prince Rupert was able to reach Victoria on time this morning.

Captain McKenzie reports fairly good weather on the trip to the north. Several parties of people bound for England left this morning on the Prince Rupert for Seattle, where they will cross the continent to New York and embark on their respective liners.

VANCOUVER SHIPYARD IS OFFERED FOR SALE

Vancouver, Oct. 28.—After erecting a six-day shipyard with necessary mechanical appliances and factories, spending \$2,500,000 in wages and utilizing 22,000,000 feet of B. C. fir in wooden shipbuilding in twenty-seven months the William Lyall Shipyard plant of North Vancouver has completed its work, finds no more contracts obtainable, and is now advertised for sale. A great wartime industry has come to an end after producing over 40,000 tons of wooden shipping, most of the vessels being now at sea.

Scott & Bower, Toronto, Ont. 19-14

COMMITTEE GIVES ITS REASONS FOR REJECTING GRATUITY PROPOSALS

(Continued from page 1.)

The report deals with money advanced for land settlement, the department of soldiers' civil re-establishment, and proceeds:

Desire to Meet Real Need.

"Summing up the whole situation, your committee are convinced that as regards the problem of re-establishment generally the Canadian people and their representatives in Parliament as well as the Government have always shown an earnest desire to meet any real need that has arisen or may exist. Parliament, heretofore, has not been parsimonious in voting money whenever and wherever the expenditure were shown to be necessary. Frequently, however, the opinion was expressed in Parliament that the greatest care should be taken to avoid any action that would tend to deprive the soldier from his self-reliance and self-respect. It was thought to be against the interests of the soldiers themselves that they should rely unduly upon the state in the period following discharge. Your committee concurs in these views. After hearing all the evidence they agree that the best policy toward the soldier is to surround him with conditions that will tend to strengthen his self-confidence and self-reliance.

Re-establishment.

"As to the general character of the work as now carried on by the several departments of the Government concerned with the various problems of repatriation and re-establishment, your committee can not speak too highly. The committee was struck with the nature of the work carried on, the ramifications of the same, the general efficiency of the administrative machinery established, the spirit that prevailed in every branch of the service and the general results achieved. In stating this the committee does not wish it to be understood that mistakes have not been made and that there is not room for improvement. The inquiry held is bound to lead to remedies of defects in administration and otherwise. At the same time your committee feels called upon to report that the evidence has been a revelation of the character and extent of the work carried on. This particularly applies to the department of soldiers' civil re-establishment, which has undertaken a work that is little understood and appreciated by Parliament, the people of Canada and by many of the soldiers themselves. The work of the Soldier Settlement Board is equally commendable. The evidence clearly indicates that the board, on the one hand, has a clear grasp of its work, and on the other, that it has taken every reasonable precaution to protect the best interests of the returned men themselves as well as the interests of the State.

Pensions.

"From the evidence adduced and from official statements submitted by the several departments concerned your committee finds that the total expenditure for pensions and various forms of re-establishment work for March 31, 1920, will amount to approximately \$21,565,726.62, not including any part of the cost of demobilization.

"The total amount expended or to be hereafter expended for re-establishment work now carried on amounts to \$491,540,623.50, together with \$30,000,000 annually for pensions. If from these figures are deducted amounts paid for pensions and expenditures and loans under the Soldier Settlement Act there remains

Victoria Taxpayers 1919 TAXES

Both General and Local Improvement

must be paid by

29th Nov., 1919

otherwise a penalty of

15%

will be added thereto on the 30th November, 1919. Bills for 1919 General Taxes are now being sent out daily. Any person requiring information regarding taxes please communicate with the undersigned.

In The Grip Of A Man's Hand—

You Find Strength or Weakness—
What Does Your Grip Show?

Have you the firm, forceful power of a man whose blood is rich in iron—the kind that inspires confidence and wins success—or have you the feeble, hesitating clasp of a weakling, whose blood needs iron? Nuxated Iron builds strong, keen, red-blooded men and women.

If you are not strong or well, you owe it to yourself to start taking Nuxated Iron today and watch its strengthening, upbuilding effect. In two weeks' time see for yourself what sort of a change in the grip of your hand and the amount of strength and endurance you possess.

NUXATED IRON

Sold in this city by C. H. Bowes, and all good druggists.

VICTORY BONDS NOW LIKE DOLLAR BILLS

Canada has just two sources of revenue—Taxes and Bonds.

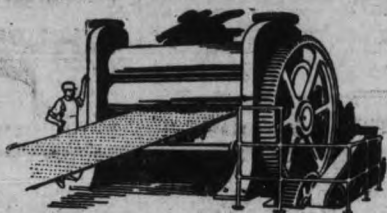

While the people get back the benefits of taxation, they never get back the tax money itself. Taxes represent money which the Government Gets and Keeps.

Bonds represent something the Government Borrows and Repays. We get back from our bond purchases

both the benefits and the money.

Especially with the enormous obligations now facing Canada it would disastrously affect the business and industry of the country to try and finance the war on taxes alone. Yet if Bonds are not sold the Government will have to increase taxes still further.

Bond issues distribute the burden of the war and attendant expenses over the future as well as the present. That is only fair, because the future generations should bear their fair share of the cost of the war.

How Friction Surfacing Lowers Manufacturing Cost

To the average mechanic, when belting a machine to a shaft pulley, a belt is just a belt, if it is the right size.

Efficiency and economy of operation, or that it was made for a particular purpose, is not considered.

For more than fifty years we have solved transmission belting and equipment problems, and have developed a special friction rubber compound for our transmission belting, and unless you and your employees avail yourselves of our knowledge and experience, our efforts to lower your manufacturing cost will, in a measure, be lost.

Dominion Friction Surface Belting

is not coated with a dressing—a friction surfacing—it is special frictionized rubber with which the entire belt is saturated. Therefore, it retains a pulley grip that prevents practically all power waste, even when worn wafer thin.

Our engineers will, without charge, gladly show you how friction surfacing will help to lower your manufacturing cost.

Tell your transmission troubles to our nearest Service Branch.

Makers of
Dominion Hose, Packing and
Industrial Rubber Goods and
Dominion Tires, the GOOD
Tires for every purpose.

BRINGING BUYER AND LANDOWNER IN CLOSE TOUCH

J. Bruce Walker Here to Form
Association of Farm Lands
Association Settlement

With a view to encourage settlement of agricultural lands in British Columbia, the Dominion Government is arranging through the Department of Immigration and Colonization for the creation of Farm Lands Settlement Associations.

While such bodies have already been established in the three prairie provinces, the lack of an organization of this character now brings J. Bruce Walker, Commissioner for the Department of Immigration, to Victoria. Mr. Walker has already made inquiries in Vancouver, and now desires to set up for Vancouver Island what he has planned on the Lower Mainland.

"We have in mind," he stated to The Times last evening, "a body which will bring the land purchasers from the United States in touch with the agents and owners of land for sale in British Columbia. At that stage the functions of the Government cease, as it then becomes a private transaction. With the large immigration of desirable American farmers into Western Canada, the Department is in receipt of numerous inquiries which can be far better answered by the men in direct touch with the land than by any departmental official who knows only the general situation. The necessary local information is possessed by the owner or realty agent, and to him the prospective purchaser should be sent direct.

"We have been able to turn over a large number of inquiries weekly to the existing associations on the prairies, and we have numerous applications for land in this province. After securing the necessary preliminary information I propose to get in touch with various interests by mail, and later hold a conference at which the expediency of an organization can be discussed. If it is formed, then the secretary receives the information, and distributes the inquiries by rotation among the members.

Mr. Walker has just come from a tour through the central interior of this province, and finds a great deal of settlement progressing right through from Hazelton to Prince George. "One firm at the latter place told me they had sold 5,000 acres of land to settlers in the past season, which is a proof of the manner in which the land is being taken up," he said. "Around Smithers, Telkwa, Vanderhoof, Burns Lake, and other points successful progress has been made, and many new settlers are going in.

"A visit to these sections of the province is a real revelation to those hitherto regarding British Columbia as a lumbering, mining, and fishing country only. There is evidence everywhere in these districts of millions of acres of land, the best on the continent, capable of immediate cultivation after a little clearing. The timber for the most part is light and can be easily brushed, while the soil itself is unusually fertile," he stated.

URGES ASSISTANCE AND CO-OPERATION

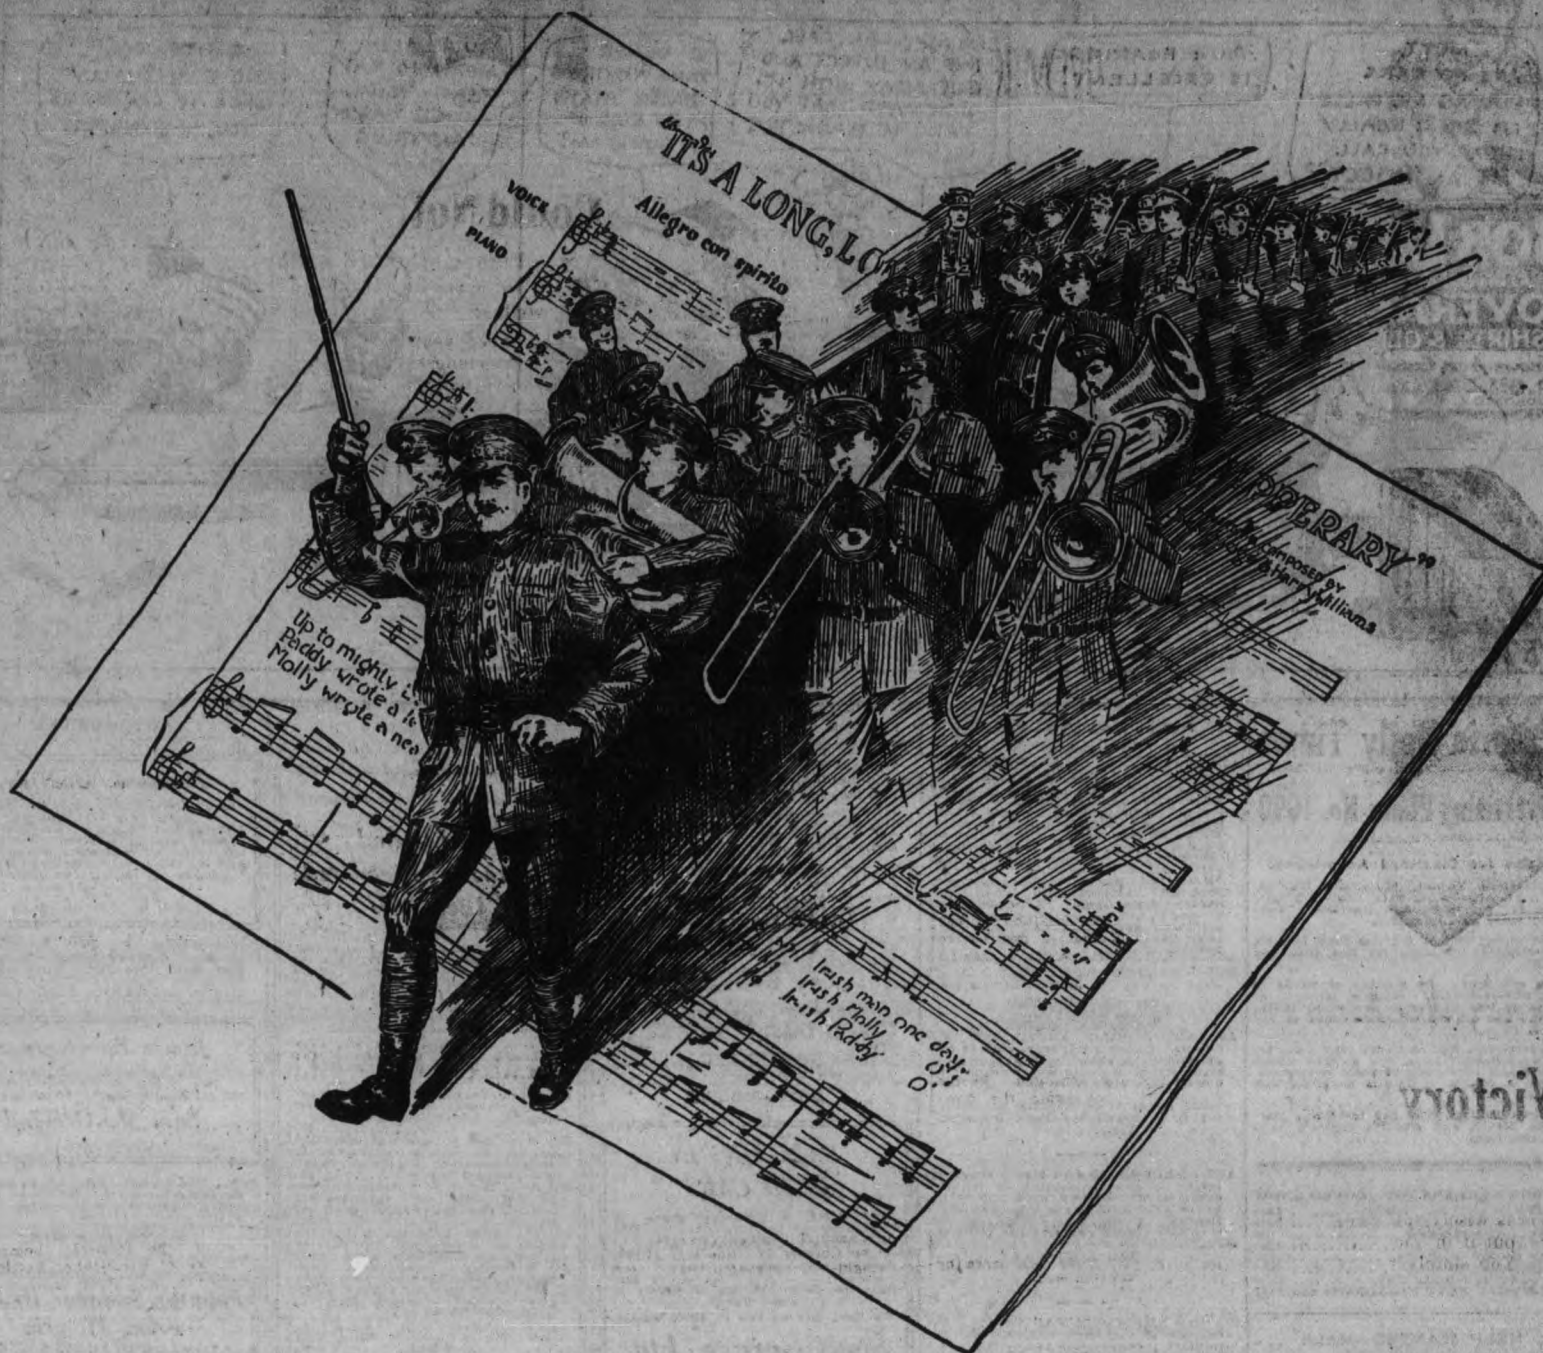

Publicity Chairman Appeals to
Merchants For Support in
Loan Advertising

E. J. Down, chairman of the Publicity Committee for the local Victory Loan drive, issued the following statement this morning:

"The Publicity Department has to appeal to the patriotic sentiment of local merchants and citizens for more assistance and co-operation. The brunt of putting the very important loan over should be borne by every man, woman, or child who can help in any manner possible. We are getting assistance from only a few. Last year we had splendid co-operation and this year the loan is of equal importance. Why this apathy? We want publicity whether it be through the medium of banner advertising, window display, or any other form of appeal that will keep the loan and its vital importance prominently before the public. One hundred of Vancouver's merchants have purchased signs which are hung outside their stores. Vancouver has also collected over \$5,000 for publicity purposes. Is Victoria going to be behind? How can you help? Let us suggest a way. Hang a sign. Give us more space. Donate a little more. Put on a Victory loan window. Put a sticker on your motor wind shield.

In Vancouver one hundred firms have subscribed money for elaborate banners which will be hung in front of their stores, and besides \$5,000, has been collected by voluntary subscription for publicity work in connection with the drive.

"Phone the Publicity Department, 3326, or get in touch with the following gentlemen. Jack Scott, chairman of the window display department, phone 4026. Geo. L. Warren, chairman of the display advertising committee, phone 2777. Or W. A. Mc-

When They Went Away Singing "Tipperary"

In those brave days of '14 and '15, they were indeed the idols of the Nation. To their support Canada brought all that the weight of money could bring.

And when they came to the furnace of their testing, we acclaimed them proudly as of no common clay.

"Tipperary" is forgotten, swept like a butterfly caught in a tornado or a catch of song in the throat of death. But Ypres, St. Eloi, Vimy, Hill 70, Passchaendale, Cambrai and Mons have placed its singers among the Immortals.

In these brave days—that to some of us are still but of yesterday—Canada proclaimed herself in the fight to the last man and to the last dollar.

Well has man played his fighting part. It is our Dollar that must now redeem the pledge.

To make the Victory Loan a success is a National obligation.

If the fighting were still raging you wouldn't hesitate to invest.

Be thankful then that it is ended, and be glad that your part now is but to lend money to pay the Debts of Honour.

The spirit that moved you to buy Victory Bonds one year ago and two years ago should impel you to buy them again.

But even if you suppress that spirit—grant that you may not—the material advantage of the investment cannot fail to appeal to your good common sense.

Think of it. The peerless security of a mighty nation—a nation at peace—the great uncertainty of war past—and 5% interest. Where can you find its equal?

Whichever way you look at it, if you are true to yourself you must

Buy Victory Bonds 1919

Judgment for Plaintiff—In the county court case of Davidson vs. Camus, Judge Lamont has this morning given judgment in favor of the plaintiff for \$250. J. A. Aikman appeared for the plaintiff and the case was undefended.

MANAGER OF ROYAL VICTORIA THEATRE MARRIED IN SEATTLE

The wedding of Clifford Denham, the well-known and popular manager of the Royal Victoria Theatre and Miss Ivy G. Gibson, of this city, took place in Seattle on Monday. Announcement of the wedding will come as a surprise to Mr. Denham's host of friends in Victoria, many of whom were unaware that he was engaged. Mrs. Denham, who formerly was employed at the Royal Victoria Theatre, is also well-known here. Mr. and Mrs. Denham will take up their residence in this city on Lee Avenue after their honeymoon in the United States.

Gonzales Chapter—The Gonzales Chapter, I.O.O.F., will meet at the residence of Mrs. Nation, 1820 Rockland Avenue, at two o'clock on Friday.

Comrades of the Great War—An executive meeting will be held at the club rooms on Thursday at 7.30 p.m. As there are important matters to be discussed, a large attendance of the executive is requested.

TICKETS SELLING FOR LOAN LUNCHEON

Final arrangements for the Rotary Club's Victory Loan Luncheon at the Empress Hotel to-morrow have been made and a large number of tickets for the affair already have been sold. Tickets will be sold until five o'clock to-day at the Victory Loan headquarters, Government Street.

The leading attraction at the luncheon will be an address on the Loan by Gypsy Smith, the world-famous evangelist, while a Rotary programme and musical selections by the Empress Hotel orchestra will provide additional pleasure for the guests.

OBITUARY RECORD

D. Woodward, a pioneer of Regina, died at Regina last Sunday. He was father of Mrs. R. E. S. Taylor, a missionary in West China, who is now in the city awaiting the departure of the Empress of Asia. Mr. and Mrs. Taylor are now on their way back to their mission. Mr. Woodward was 83 years of age.

NEWS IN BRIEF

The New Recruit—The Khaki Entertainers, most of whom are overseas men who before the war were professional entertainers, will present "The New Recruit" at Semple's Hall to-night. The sketch has been given with success at San Francisco and James Island.

White Ensign Men to Meet—A special meeting of all men who have served under the White Ensign will be held in the Belmont House, ground floor, Thursday evening at 8 o'clock, to discuss matters of importance which have arisen concerning the reception which was to have been tendered Admiral Jellicoe on his visit to Victoria.

Foundation Swimming Club Dance—Mrs. Simpson, Len Oliver and Bob Vipond will judge the waltzing competition which will be held as a special feature of the Foundation Swimming Club dance at the Foundation Hall to-night. Twelve entries have already been received, and entries will be accepted up to the time the competition starts. Three pairs of prizes are being awarded.

Victoria's Cut Rate Dry Goods Store, 653 Johnson Street—The place for every working man and woman to buy. Beattie's values are now recognized as the best in Victoria. Last Saturday's sale was a real surprise. Thursday, Friday and Saturday, this week, will find us ready with another line of goods suitable for the cold weather. Sweaters of every description, underwear, blankets, flannel-ettes, etc. We would draw your special attention to our men's working gloves, lined and unlined, at \$1, \$1.25, \$1.50, \$2; also our men's pull-over sweaters, all wool, in green and navy, at \$6.75. These are exceptional values and cannot be replaced at any price. Only a limited quantity. Note the address: 653 Johnson St.

PEACE TREATY GETS FIRST READING IN CANADIAN SENATE

Ottawa, Oct. 29.—The Senate last night gave first reading to the bill confirming the peace treaty with Austria, and set it down for discussion on Wednesday.

WOMEN'S INSTITUTES FINANCES SHARPLY DISCUSSED HERE

Dr. Warnock Tells Delegates Care Must Be Taken With Public Funds

Plain speaking on the subject of the administration of Women's Institute finances—where such represented public monies—and the need of a business-like procedure at meetings was indulged in by Dr. Dr. Warnock, O.B.E., Deputy-Minister of Agriculture and Superintendent of Women's Institutes, at this morning's session of the conference of Vancouver Island Women's Institutes, now assembled here. Dr. Warnock did not mince his words in his criticism of the alleged laxity attending the conduct of Women's Institutes, and some of his remarks were warmly challenged by delegates to the conference. After a long discussion the meeting adjourned until to-morrow, when Mrs. P. McNaughton, a member of the deputy-minister "be thanked for the courageous way in which he has told us our faults to our face" was passed with acclamation by the meeting.

Diversion of Funds. Reminding the delegates that the problems of peace and reconstruction required as much serious consideration and earnestness as the problems of war, Dr. Warnock urged the delegates to conserve their funds and to avoid wastage. Speaking of the laxity of some public bodies in handling monies subscribed by the public he referred to a "certain body of women" who had held a tag day for a certain purpose and had since diverted some of the proceeds to the purchase of a wedding present for a member of the organization. Such an organization would be called upon for an accounting sooner or later, he averred. The matter of the sending in of expense accounts to the Department of Agriculture was referred to by Dr. Warnock, and at this point he smilingly turned to the chairman of the Advisory Board, who was presiding at the session, and reminded her to send in her accounts at regular intervals, in order to contribute to the efficient working of the department.

Mrs. Blackwood-Wileman, interposed with this remark, "I think it only fair to me for you to state before my Institute that you found my accounts strictly correct," to which Dr. Warnock replied that he was ignorant in this regard, not having seen the accounts, but if they had been sent in they would doubtless be in the Comptroller-General's department.

Delegates' Discussion. The question of the provincial delegates to the Federated Women's Institutes and the payment of their expenses caused much discussion. Although under the constitution of the Institutes three delegates are permitted—two delegates to be elected by a provincial convention or by the four conferences, and one non-voting delegate appointed by the Department of Agriculture—Dr. Warnock expressed his opinion that the province could not afford to pay the \$1,000 entailed in sending three delegates to the East. He was of the opinion that one delegate was sufficient, and as this delegate he suggested Mrs. Blackwood-Wileman, chairman of the Advisory Board, whom he declared fully competent to represent the provinces of the Institute.

Fresh Blood. Periodical and automatic change in the directorate of the Institutes was another matter urged by Dr. Warnock, who said in extenuation of his proposal that the infusion of new blood and new blood was essential.

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Doctor Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains, irregularities, inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it, in liquid or tablet form.

Avoid Operations for Kidney Troubles GinPills

Go directly to the heart of the trouble, relieving pain quickly, dissolving stones and gravel, purifying the system and toning up the kidneys, the most reliable of all pills. Send for free sample, or get a box from your druggist or dealer, 50c, with money-back guarantee.

to the well-being and successful conduct of any organization. He suggested that two of the directors of the Advisory Board should retire automatically either annually, or every two years, either by seniority or by drawing lots and that they be entitled to seek re-election after the lapse of one year. To this subject Mrs. Ballantyne, of Gordon Head, contributed her observation that "if we have good members on the Advisory Board we should keep them there. In any case we should not appoint women to the Advisory Board unless they have had long experience in Institute matters and real workers. We do not want to appoint plumbers to do carpentry."

Women's Rights.

An amusing interlude was furnished at this juncture, for while on her feet, Mrs. Ballantyne observed that the women should have the same concessions from the Government as the men, and suggested that at subsequent conferences the women should be accorded a warm room and soft chairs and a degree of comfort not accorded for the present sessions—a matter to which Dr. Warnock promised to give due consideration.

Appointment of Secretary.

Discussion on the matter of appointments to the Advisory Board led to a query from one of the delegates as to "How did the secretary to the Advisory Board get her position. Was it duly advertised and were any other women given an opportunity of applying?" Dr. Warnock stated that the present secretary (Mrs. V. S. MacLachlan) was appointed because she had had long experience in the work and was adjudged capable and efficient, and her fitness for the post led to her appointment as a Civil Servant in this capacity.

Federation's Demands.

That the Federation of Women's Institutes were applying to the provincial Institutes through the various Departments of Agriculture for a yearly grant of \$700 to meet the expenses of the annual conference, travelling expenses of the Federated Board, was the statement made by Dr. Warnock and substantiated by a letter read by him from Mrs. (Judge) Murphy, of Edmonton, in which she asked for that amount on behalf of the Federation. Dr. Warnock pointed out that if this were levied on all the provinces the total would represent the sum of \$43,000—a huge sum, in his opinion, for such a purpose, and the granting of which would cripple the finances of the provincial Institutes.

Chairman's Protest.

At this point Mrs. Blackwood-Wileman arose and, with evident emotion, explained her position with regard to the Federated Women's Institutes. She wished it to be distinctly understood that she was in no way responsible for the demands made by the Federation. She had attended the inaugural meeting as a representative of the Provincial Government and had supported the proposal to federate, acting upon instructions from the Minister of Agriculture, Hon. Mr. Barrow. "I have been appointed to go again to represent the Institutes of the Province at the conference at Toronto," she continued, "but after what has been said to-day, I feel that I would prefer some other woman to go. To-day there seems to be something different in the attitude of the Department."

THIRTY NATIONS REPRESENTED AT LABOR CONGRESS

Conference Provided For by Versailles Treaty Opened at Washington

Washington, Oct. 29.—More than thirty nations are represented here to-day for the opening of the International Labor Congress, created by the treaty at Versailles for the improvement and standardization of labor conditions throughout the world.

In opening the conference at noon, United States Secretary of Labor Wilson said he would designate the assembly as the "conference in the process of being organized," and by this interpretation he believes he abides by his contention that only those states which have ratified the treaty can participate in the official conference.

Speaking "on behalf of the people of the United States and in the name of President Wilson," Secretary of Labor Wilson formally opened the conference provided for in the treaty of Versailles.

Welcoming delegates from all parts of the world, the Secretary declared that the conference represented the first concerted effort in history to deal with labor problems progressively.

Representatives of thirty-six coun-

tries, seated in alphabetical order in a large circle in the same hall in the Pan-American Building where the National Industrial Conference came to grief, heard the secretary's address, which was translated into French.

Ambassadors and Ministers of many nations occupied places of honor on either side of the chairman's platform.

While the United States was not represented officially in the list of delegates by reason of Congressional prohibition, a number of officials were present as guests of the League of Nations. Samuel Gompers, president of the American Federation of Labor and a member of the conference organizing committee, also was present.

Germany and Austria also were without delegates, but their representatives are now en route, and the question of seating them will be for the conference to decide.

Countries having delegates present to-day included Great Britain, France, Japan, Italy, Belgium, Spain, Holland, Sweden, Canada, China, Czech-Slovakia, Switzerland, Denmark, Greece, Norway and practically all of the Central and South American Republics.

Belgium Approves List of Germans to be Prosecuted

Brussels, Oct. 29.—The Belgian ministry has given its approval to a list of 1,150 Germans, soldiers and civilians, who will be prosecuted on charges arising from violation of the laws of war at the time of the invasion of Belgium or during the occupation of this country by German troops, according to The Independent Belge. The list will be sent to the Peace Conference in Paris.

X-RAY EXPERT DEAD.

Toronto, Oct. 29.—The death occurred suddenly at noon yesterday from heart failure of Dr. Charles E. Treble, one of the most prominent

ment. I think some unmanly member of Parliament has complained to the Department as to the administration of the Institutes and wishes to have some one else appointed in my place. I am supposed to visit each of the Institutes in the Province once a year. To do so I have often neglected social work and given up many things in the interests of the work, and because I have wished to see the Institutes worthy of the name of Women's Institutes."

Many Reports.

Mrs. F. B. Fadden, of Huntington, member of the Advisory Board for the Lower Mainland, expressed her regret that the matter had not come up at the conference on the lower up at the conference, when she was a mainlander recently, when she was sure Mrs. Blackwood-Wileman's appointment as delegate would have been warmly endorsed, in which sentiment the meeting concurred with hearty applause.

At the close of his address Dr. Warnock declared that he was actuated not by any unkindly feelings, but only by a desire to see the Institutes achieving the best possible results and working in business-like and harmonious relations. During the morning excellent reports were presented by delegates from the various Institutes on Vancouver Island.

RETURNED CITIZENS TO FIGHT FOR FLAG

It was decided at a meeting of the representatives of the returned soldiers organizations, held in the office of Brigadier-General Clark, Victory Loan Headquarters, 202 Pemberton Building, yesterday, that an Honor Flag be given to the returned citizens canvassing at the headquarters of their associations and including subscriptions taken at the German trench system, corner Fort and Government Streets, when their total collections shall reach a quarter of a million dollars. The flag will eventually be given after the close of the campaign to the headquarters procuring the largest amount of subscriptions.

It was further decided that if the German trench system collecting staff was the biggest contributor, that Sgt.-Major Hillier, M.C., should be given the Honor Flag. Members of the association are urged to subscribe to the loan through the headquarters of their own organization.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

Chairman's Protest.

At this point Mrs. Blackwood-Wileman arose and, with evident emotion, explained her position with regard to the Federated Women's Institutes. She wished it to be distinctly understood that she was in no way responsible for the demands made by the Federation. She had attended the inaugural meeting as a representative of the Provincial Government and had supported the proposal to federate, acting upon instructions from the Minister of Agriculture, Hon. Mr. Barrow. "I have been appointed to go again to represent the Institutes of the Province at the conference at Toronto," she continued, "but after what has been said to-day, I feel that I would prefer some other woman to go. To-day there seems to be something different in the attitude of the Department."

BUYS VICTORY BOND WHILE STRUGGLING IN DENTIST'S CHAIR

With Tooth Half Out, Patient
Sooths Agony by Loan
Investment

The dentist was in the very act of extracting a patient's tooth when when Victory Loan Captain Alex. Peden entered a dental office in the Campbell Building this morning. It happened that the young lady attendant was out for a moment, and the dentist was obliged to leave his gurgling client to greet the visitor.

"I'm busy just now," he informed the bond salesman when he became aware of his mission.

"But not too busy to buy a bond," persisted Mr. Peden.

"Please call again," the dentist replied with determination, making a dash for the patient who, with several instruments in his mouth and a tooth half extracted, judging by his smothered groans, was beginning to get restless.

The canvasser followed and arrived at the scene of torture. The dentist had got the tooth about three-quarters of the way out by this time but, nothing daunted, the salesman kept describing the advisability of investing in Victory Bonds.

At this juncture the gurgles of the patient increased in volume until finally the sufferer heaved the dentist aside and, speaking through a mouthful of cotton and instruments, cried painfully, "For Heaven's sake sell us the bond and get out!"

This Mr. Peden promptly did.

"Now doctor," said the patient more cheerfully, "Let's finish the job. I feel so much better with that bond that I think I can stand anything."

And so the belated tooth was pulled.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if Your
Back hurts or Bladder
bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.

Locates Old Copy of Times—An interesting discovery was made by J. G. Hay, of this city, during the repair of the roof of a cabin about two miles from Cobble Hill. The cabin was built by the late J. A. Hay, and he had lodged in between the ceiling and roof a copy of The Victoria Daily Times of May 21, 1886, to commemorate the date of the raising of the roof. The copy is in good condition after thirty-three years.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. Altman, R. R. Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Altman.

Women everywhere in Mrs. Altman's condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

NOTES FROM PORT RENFREW

Special Correspondent.

Port Renfrew, Oct. 29.—Port Renfrew on the West Coast during the past six weeks has been the scene of much fishing activity which will close on November 1. Some fifty fishing boats were employed catching salmon outside the harbor front and at night the inside harbor was filled with bobbing lights of fish carriers and those employed in the last of the season's catch. One would think an important industry was developing in this locality which has a cannery and wharf entirely given up to the fishing business. Unfortunately most of the fish caught are handled by Japanese fishermen in their own boats and most of the raw product finds its way to the American market. The pity is that why should not this product and harvest of the sea be garnered into the Canadian market? Want of enterprise is the answer.

The local farmers have done well. One of the farmers killed and sold eight beehives in the last month to local shipping. The lack of labor alone prevents the development of the rich ground, a good deal of which could be cleared to advantage. There is some talk of a soldier settlement in the valley of the San Juan. With the combination of agriculture, logging, and fishing industries it should become a prosperous settlement if the plan should be carried out, which seems feasible.

A very dry season has made the rivers very shallow, and a large number of salmon are found trying to struggle up the shallow streams to the spawning grounds which they are unable to reach. Strange to say, the salmon by instinct seem to know that the rivers on the south of Vancouver Island are dry, and whether it is the want of food in the sea or the drift of the ocean currents, the schooling of the salmon has taken place in larger number up in Alaska where the waters are colder. The Swiftsure Bank, which lies about forty miles west of Vancouver Island, and is said to be the spot to which these currents run and from which the salmon travel round Vancouver Island and mainland, was at least a month late in its usual round-up of salmon. The Cohoes have appeared in larger numbers this year than either the Springers or the Chums. They are considered the most valuable salmon for canning. Hence, if there has been a smaller run the loss to the canners has been made up in the value of the fish.

Rather severe frosts have been experienced up the West Coast this last week, which accounts for the beautiful autumn weather.
